

# Day and night work on Mulgoa Road between Jeanette Street and Blaikie Road from 1 April 2025 to 31 July 2025

March 2025

Transport for NSW acknowledges the Dharug people as the Traditional Custodians of the lands on which we work and pays respects to Elders past and present

Transport for NSW is delivering the Mulgoa Road upgrade, between Jeanette Street and Blaikie Road. Work has substantially been completed on utility relocations, drainage and on building the northbound carriageways.

## What work will we do in the coming months?

Ongoing work includes:

- Completing drainage work
- Switchover to newly built utilities
- Complete the concrete pier protection work under and next to the M4 bridges
- Reopening the Factory Road intersection to left-in only from Mulgoa Road
- Reopening the free flowing slip lane to turn left on to the westbound on-ramp
- Complete footpath and road surface work behind barriers at multiple locations along the roadway, including on the M4 ramps
- Complete the reconstruction of Wolseley Street intersection and Blaikie Road intersection
- Begin noise wall pier construction along Hutchinson Crescent
- Continue pavement construction across Mulgoa Road
- Shift the Northbound traffic onto the newly constructed pavements
- Continue landscaping work and install road furniture.

## When and where will we be working?

To progress construction, work will continue **from 1 April 2025 to 31 July 2025** on Mulgoa Road and surrounding streets between School House Road and Surveyors Creek (see map overleaf). Due to

high traffic volumes on Mulgoa Road, some work must be done at night to maintain the safety of workers and road users. No work will take place during public holidays.

### Working days and hours are:

Day times:

- Between 7am and 6pm Monday to Friday
- Between 8am and 1pm on Saturday

Night-time:

- Generally, from 6pm to 6am and we will notify about the exact dates of night work.

### Proposed extended working hours:

1. We will continue undertaking **48-hour closures from 5am Monday to 5am Wednesday** and will notify you of the exact dates.
2. Extended weekend work will continue for underboring of gas mains on **5 and 6 April 2025**.

The stockpile site at 95 Blaikie Road will be used during day and night works.

## Noisy work

We will be using machinery such as core drills, excavators, jackhammers, vibratory rollers, bobcats, vacuum trucks, boring equipment, saw cutting equipment, and other trucks for transporting material.

There may be some vibration impact from this work.

## What will this mean for you?

While our work may be noisy at times, we will do everything we can to minimise its impact, including turning off machinery when not in use.

## Traffic changes

To enable work to progress we have made some temporary changes to traffic and will continually be making further changes during this period. Details

of traffic changes and exact dates will be notified closer to the date.

Traffic changes in place which will continue:

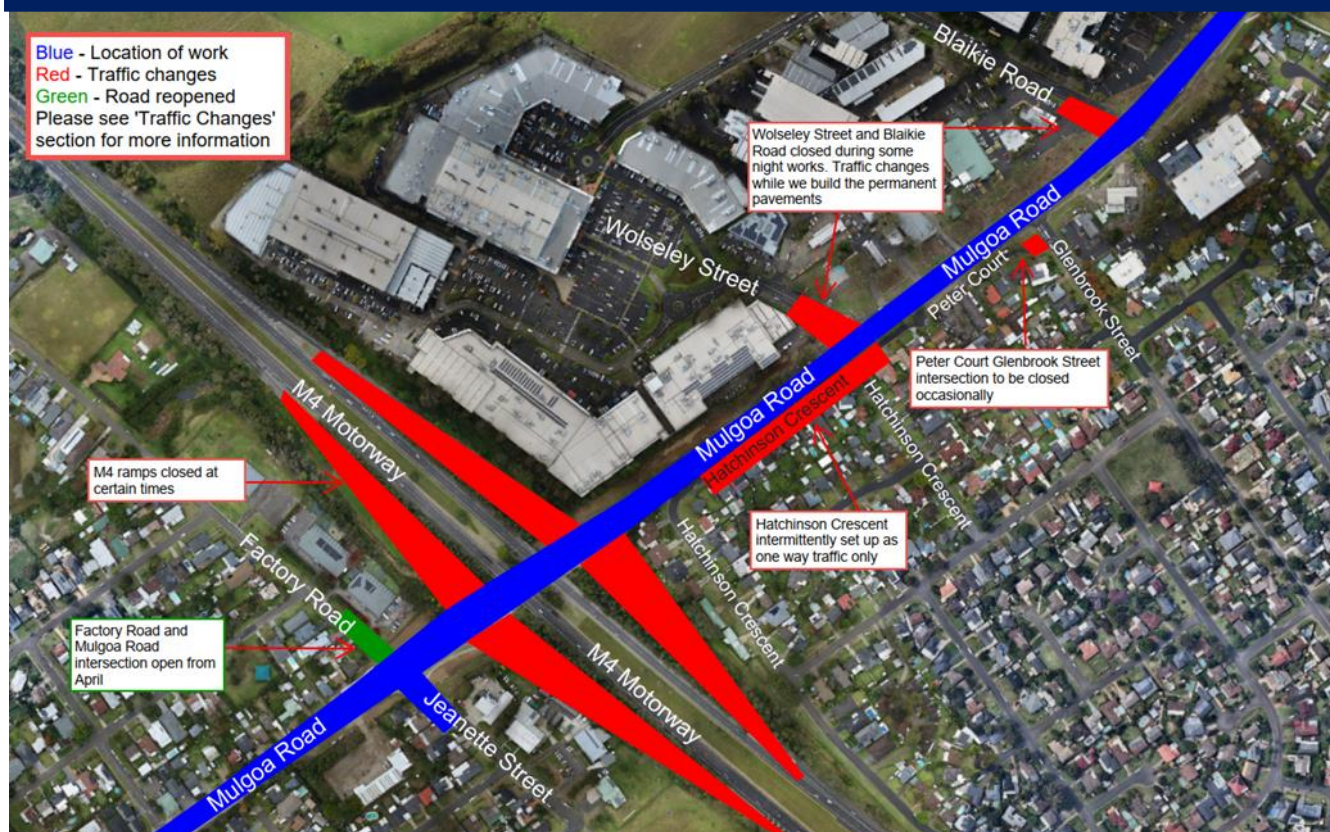

- **Hatchinson Crescent** will be intermittently set-up as one-way traffic only

- **Peter Court** will be closed at Glenbrook Street when needed

- **Ramps to and from the M4** will need to be closed at certain times

We will temporarily close lanes when we switch traffic onto new or different lanes on Mulgoa Road. Road users should follow traffic controller instructions and use available lanes. Access to side streets, businesses, and residences will remain open. Thank you for your patience during this important work.
