

Extended hours for night work on the Victoria Street Bridge on Friday 31 January 2025

Newell Highway upgrade, Parkes Bypass

January 2025

Transport for NSW acknowledges the Traditional Custodians of the lands on which we work and pays respect to Elders past and present.

The Australian and NSW Governments are investing in the Parkes Bypass which will improve connectivity, road transport efficiency and safety for local and interstate motorists.

What work are we doing?

Pouring the concrete deck on the Victoria Street Bridge.

When and where we'll be working

The works are scheduled to start at 2am on Friday 31 January.

Work is expected to take **one night** to complete.

Early morning pours for the Victoria Street Bridge are necessary due to the large deck surface  which is prone to cracking in the summer heat.

Starting early ensures cooler temperatures and allows the pour to be completed in one day.

We have included a map over the page to show the location of this work.

Managing our impacts

During this work, you may notice noise from the machinery and equipment.

We aim to manage our work to avoid impacts to the community and the environment. This includes:

- maintaining resident and business access during the work
- turning off machinery and vehicles when not in use
- directing lighting away from residences.

We thank you for your patience while this important work is carried out.
