Dear Josh

**Subject: Environmental Representative (ER) Endorsement: Sydney Terminal Building Revitalisation Project: Traffic, Transport & Access Management Plan Stage 1 (TTAMP Rev F-09) (SSI 45421960)**

I refer to Transport for NSW's (TfNSW) submission of the following CEMP Sub-Plan required by Condition C6 of the Infrastructure Approval for the Sydney Terminal Building Revitalisation project (SSI 45421960) which was approved by the Department of Planning, Housing and Industry (DPHI) on 17 November 2023:

- Sydney Terminal Building Revitalisation Project Traffic, Transport & Access Management Plan Stage 1 (TTAMP Rev F-09 dated 22 July 2025)

It is noted that:

- Conditions C4 and C5 require that the TTAMP be submitted to the ER for endorsement prior to commencement of Construction (as defined in the Conditions).
- I have reviewed and commented on previous versions of the TTAMP.
- The review has not covered technical aspects of the document as the ER is not a traffic specialist.
- TfNSW has provided evidence of Consultation with City of Sydney council (CoS) including comments from CoS and revised versions of the TTAMP addressing CoS comments. An email from CoS stating that all comments have been closed was also provided.
- TfNSW has conducted internal reviews of the document with no further reported comments.
- ER comments have been addressed in this latest version of the TTAMP.

As the approved Environmental Representative for the Sydney Terminal Building Revitalisation project; and as required by Conditions A29d and C5 of the Infrastructure Approval, I have reviewed the document and on the basis of the above comments the Sydney Terminal Building Revitalisation Project Traffic, Transport & Access Management Plan Stage 1 (TTAMP Rev F-09) is endorsed.

Yours sincerely,

*Michael Woolley*
