## Sydney Harbour Bridge

From Sunday 9 March 2025 to Thursday 27 March 2025

### What we're doing

Sydney Trains is replacing the timber deck supporting the track on the Sydney Harbour Bridge with a concrete composite deck. The work is being completed in stages during scheduled weeknight and weekend rail closedowns. The new deck will strengthen the structure, extend the life of the rail corridor, simplify track maintenance and, when complete, reduce train noise for nearby residents.

Work activities include the permanent removal of the Sydney Harbour Bridge deck scaffold. Areas that will be affected during this work will be Dawes Point Park, George Street and Cumberland Street.
