

# Utility investigations from Thursday 12 June Parramatta Road between Knight Street and Bridge Road, Homebush

## Parramatta Road Urban Amenity Improvement Program

June 2025

Transport for NSW acknowledges the Wangal people as the Traditional Custodians of the lands on which we work and pays respect to Elders past and present.

The Parramatta Road Urban Amenity Improvement Program (PRUAIP) is an initiative by the NSW Government to improve open spaces and active transport links along the Parramatta Road corridor.

### What work are we doing?

We will be investigating utilities at various intersections on Parramatta Road between Knight Street and Bridge Road in Homebush, to inform the detailed design for future PRUAIP projects.

See detailed map overleaf.

Work includes:

- locating existing underground services and marking out utility locations
- use of machinery including a saw cutter and vacuum truck to remove debris
- opening service pits by non-mechanical means
- restoration of pavement around potholing.

### When and where we'll be working

We'll be on site for up to **eight shifts** between **Thursday 12 June and Monday 23 June**, weather permitting.

Our work hours will be between **8pm and 5am, Sunday to Thursday**. We will not work on Friday and Saturday nights or public holidays.

### What will this mean for you?

You may notice:

- workers and vehicles
- lane closures and reduced speed limits
- footpath closures
- noise from machinery and equipment.

### Managing our impacts

Work will be staggered along Parramatta Road between Knight Street and Bridge Road, to reduce traffic and noise impacts.

Our work may be noisy at times and we will do everything we can to minimise the impact including:

- completing noisier tasks by midnight
- setting up noise curtains
- turning off equipment when not in use, and
- positioning equipment away from homes and businesses.

### Temporary traffic changes

Single lane closures and a work zone speed of 40 km/h will be in place during work hours to ensure safety.

Please follow speed limits and follow signs and traffic controllers' directions.

We apologise for any inconvenience caused during this time.
