

Nightwork on Great Western Highway at Victoria Pass from Sunday 1 June 2025

Community Notification

June 2025

Transport for NSW acknowledges the Gundungurra and Darug Peoples as the Traditional Custodians of the lands on which we work and pays respect to Elders past and present.

Transport for NSW (Transport) is carrying out repairs to two damaged slopes on the Great Western Highway at Victoria Pass to restore the Great Western Highway to full capacity.

Transport is continuing the complex repair work to provide a long-lasting solution.

To minimise impacts to traffic, we are doing this work at night. For the safety of workers and road users, **the Great Western Highway will be closed to westbound traffic during work hours.**

What work are we doing?

Work includes:

- replacing and extending drape mesh
- rock bolting
- installing rock fall fencing
- installing new drainage.

When we'll be working

We will work **Sunday to Thursday** in June 2025, weather permitting. However, over the June long weekend period, we will **not work between Friday 6 June and Monday 9 June 2025**. Victoria Pass will be open in both directions during these dates.

Work hours will be **8pm to 5am, Monday to Thursday, and 7pm to 5am on Sundays.**

We will not work on Friday or Saturday nights, public holidays or during peak travel periods.

What this means for you?

You may notice:

- road closures and detours via Darling Causeway and Chifley Road
- workers and vehicles
- traffic controllers and signage
- noise from machinery and equipment.

Managing our impacts

We aim to avoid impacts to the community and the environment. This includes:

- working at night to reduce traffic impacts
- targeting lighting to minimise light spill
- turning off machinery and vehicles not in use.

Traffic impacts

During road closures, westbound road users will be detoured via Darling Causeway and Chifley Road. **The Great Western Highway will reopen to two-way traffic during the day.**

Please allow an extra 15 minutes' travel time.
