

Nightworks for essential road maintenance on Cobra Street, Dubbo from Tuesday 20 May

May 2025

Transport for NSW acknowledges the Traditional Custodians of the lands on which we work and pay respects to Elders past and present.

Transport for NSW is carrying out essential road maintenance work around Dubbo.

What work are we doing?

The work will include water blasting multiple sections of road to provide an improved surface texture.

Water blasting treatments are performed overnight and typically when the weather is cooler because the bitumen is removed and managed more efficiently when it's colder and more brittle, rather than when it is warm and soft.

We will be working in the following areas:

- Cobra Street between Darling Street and Gipps Street
- Cobra Street between Wheelers Lane and Capstan Drive
- Cobra Street from the roundabout at Sheraton Road to 150m before Blueridge Drive

We have included a map to show the location of our work area.

When we'll be working

We will be working **from 6pm Tuesday 20 May to 6am Wednesday 21 May.**

We expect to complete the work in **one night**. All work activities and dates are subject to weather and site conditions.

What will this mean for you?

There will be some temporary traffic changes to ensure the work zone is safe.

Single lane closures and a **40 km/h speed limit** will be in place during work hours which may affect travel times.

The speed limit will return to the posted speed limit outside of work hours.

Motorists should allow up to **ten minutes** extra travel time during work hours.

Please keep to the speed limits and follow the direction of traffic controllers and signs.

For the latest traffic updates, you can download the Live Traffic NSW app, visit livetraffic.com or call 132 701.

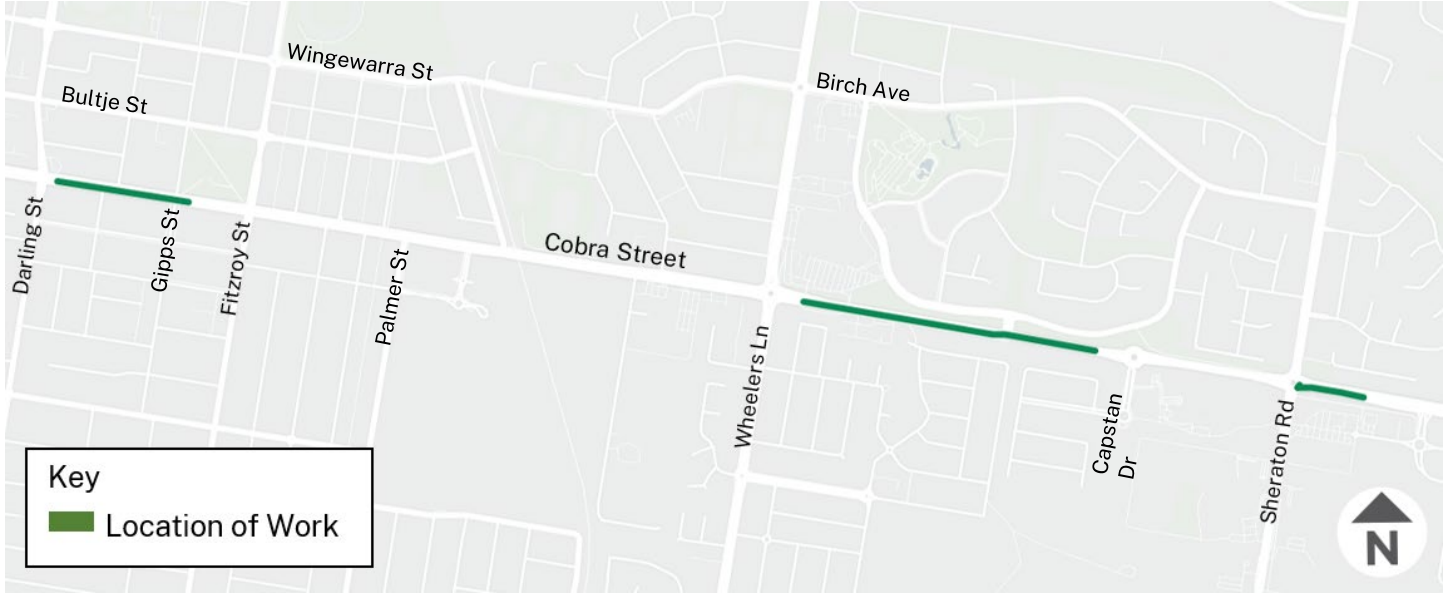

Managing our impacts

We aim to manage our work to minimise impacts to the community and the environment.

The work will involve the use of machinery which generates some noise. We will make every effort to minimise noise where possible.

We understand that the work will generate some inconvenience, and we thank you for your patience.
