

Culvert maintenance at unnamed creek on Canowindra Road from Wednesday 12 March

March 2025

Transport for NSW acknowledges the Traditional Custodians of the lands on which we work and pays respect to Elders past and present.

Transport for NSW will carry out essential maintenance work at the culvert over the unnamed creek located around eight kilometres north of Canowindra on Canowindra Road to improve drainage.

What work are we doing?

The work will include:

- Reinstating an access track on both sides of the culvert
- Pouring a concrete slab at the culvert outlet to improve drainage and reduce erosion
- Removing the damaged culvert wingwalls and casting new concrete walls in-situ
- Removing and replacing damaged culvert cells and then resealing the road.

When and where we'll be working

We will be working at the culvert over the unnamed creek located around eight kilometres north of Canowindra on Canowindra Road, south of the intersection with Traves Lane. We have provided a map over the page to show the location of the work.

Work will commence on **Wednesday 12 March 2025** and is expected to take up to **eight weeks** to complete, weather permitting.

Working hours will be between **7am and 6pm from Monday to Friday**, and if required between **8am and 1pm on Saturday**. No work will take place on Sundays or public holidays.

All work activities and dates are subject to weather and site conditions.

What this will mean for you

There will be temporary traffic changes to ensure a safe work zone, including:

- **intermittent stopping**
- **single lane closures**
- **a reduced speed limit of 40km/h** during work hours.

Outside of work hours, both lanes will reopen, with a reduced speed limit of **80km/h**.

Please allow up to **ten minutes** of extra travel time during the work and always follow the direction of traffic controllers and signs.

For the latest traffic updates, you can call 132 701, visit www.livetraffic.com or download the Live Traffic NSW App.

Managing our impacts

We aim to manage our work to minimise impacts to the community and the environment. The work will involve the use of machinery which generates some noise. We will make every effort to minimise noise by turning off machinery and vehicles when not in use.
