

# Rail Service Improvement Program

## Wolli Creek Power Supply Upgrade

January 2025

Transport for NSW acknowledges the Gweagal, Bidjigal and Gadigal Clans of the Eora Nation as the Traditional Custodians of the lands on which we work and pays respect to Elders past and present.

The Rail Service Improvement Program, formerly known as More Trains, More Services, enables a safer, more equitable, and integrated transport network where people can move safely, reliably, and efficiently across NSW.

### What work are we doing?

This month, we will be completing some electrical maintenance checks and commencing preparatory work ahead of the removal of the substation, which will take place in March 2025.

You will receive further information on this work closer to the date.

To subscribe to the email distribution list for this project, please contact [projects@transport.nsw.gov.au](mailto:projects@transport.nsw.gov.au)

## When and where we'll be working

Work will be undertaken in and adjacent to the rail corridor at Wolli Creek within our existing compound on Lusty Street.

Standard construction hours on this project are between **7am and 6pm Monday to Friday and 8am and 1pm on Saturdays.**
