

# Have your say: New bus stop on Zetland Avenue, Zetland

## Bus route 304

June 2025

Transport for NSW acknowledges the Gadigal people as the Traditional Custodians of the lands on which we work and pays respect to Elders past and present

The NSW Government is committed to ensuring bus services continue to meet the needs of the community.

We are seeking feedback on a new bus stop, removal of a 'No Stopping' zone and some changes to existing bus stops.

### Have your say?

Transport for NSW (Transport) is proposing to put in a new bus stop on Zetland Avenue (near the corner of Paul Street), Zetland and removing 40 metres of a 'No Stopping' zone.

Passengers will be able to catch bus route 304 from this location instead of using existing stops on Joynton Avenue opposite and near the Gunyama Park Aquatic and Recreation Centre.

These two stops will continue to be serviced by bus routes 320 and 343.

### What will this mean for you?

To install a bus stop at this location, the yellow paint on the road in the existing 'No Stopping' zone will need to be removed. Some machinery will be required for this.

### What are the benefits?

The proposed changes on Zetland Avenue would provide benefits for the community. These include:

- Improved reliability for bus route 304 due to no longer having to travel to Epsom Road in order to turn around.

- Improved access to Green Square Station and town centre.

### How to have your say

We invite you to consider the proposal Transport has identified and let us know your thoughts.

Transport welcomes feedback from the community on the proposed changes. Please send us your feedback to

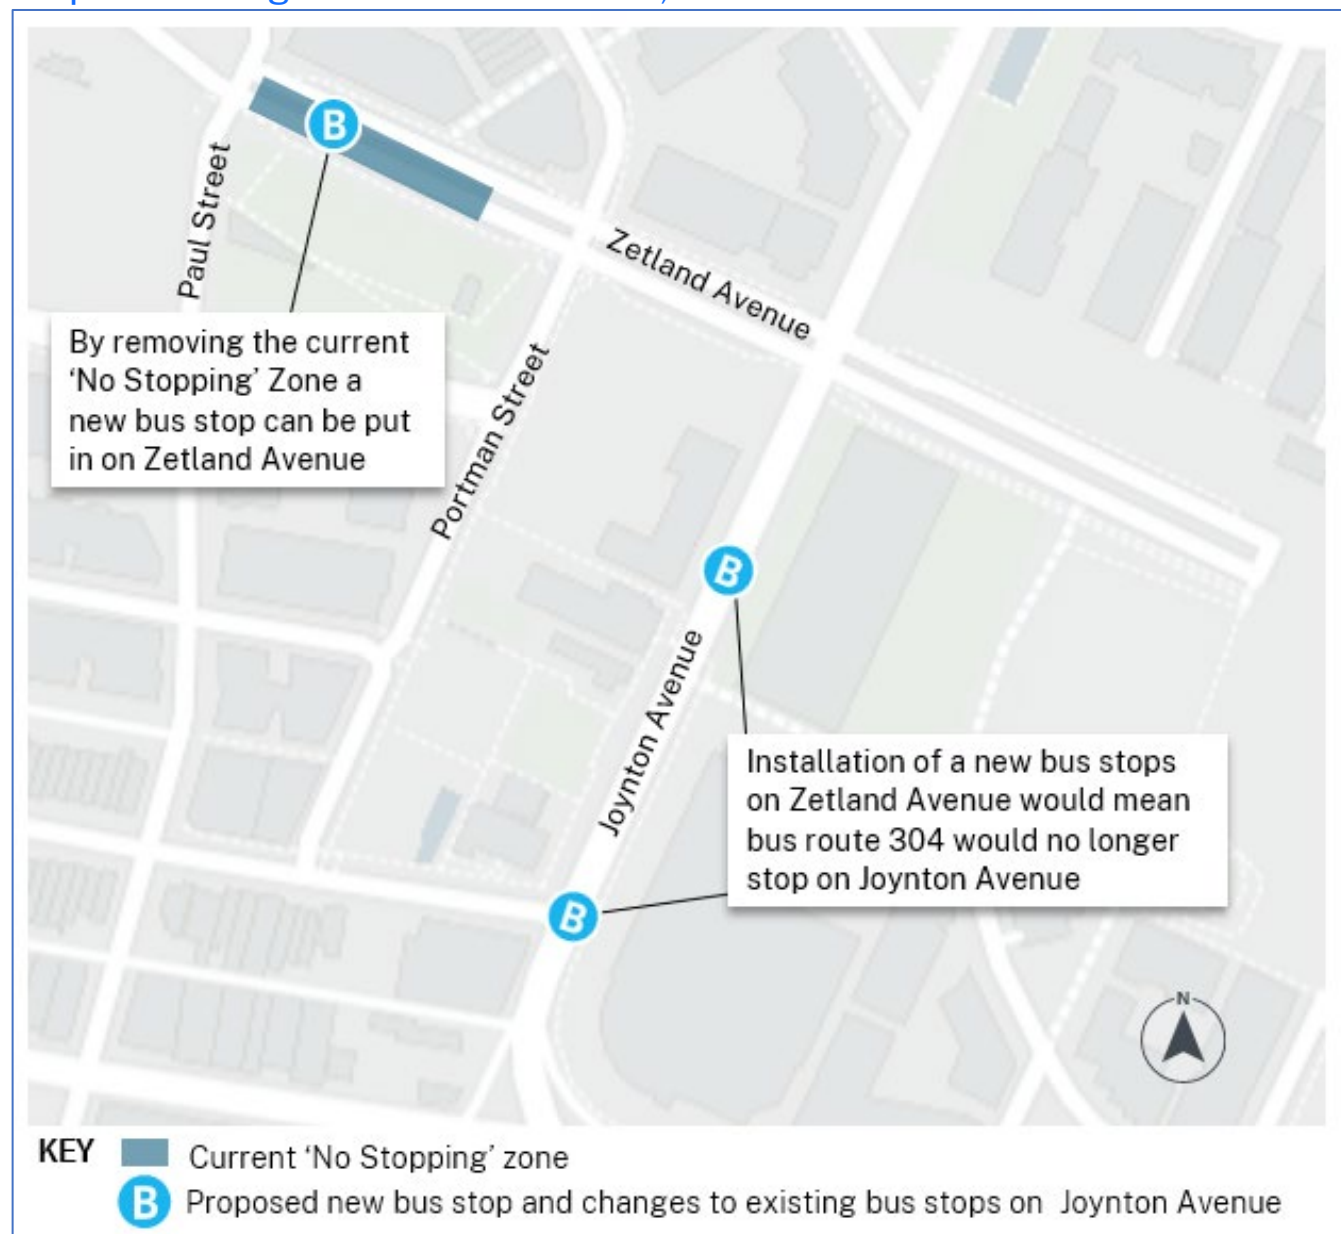

[buschanges@transport.nsw.gov.au](mailto:buschanges@transport.nsw.gov.au) by **Friday 27 June 2025**.

### What are the next steps?

After the consultation period closes, we will prepare a feedback report and present it to City of Sydney's Local Pedestrian, Cycling and Traffic Calming Committee for their consideration.
