

Upcoming weekend and night work

Bridge Road Cycleway, Glebe

November 2025

Transport for NSW acknowledges the Gadigal, Wangal and Bidjigal people of the Eora Nation as the Traditional Custodians of the lands on which we work and pays respect to Elders past and present.

Work to deliver a range of improvements to Bridge Road will be carried out from Saturday 8 November.

From **Saturday 8 to Tuesday 11 November**, we'll be carrying out road resurfacing on Bridge Road between **Ross Street** and **Railway Street**. We'll be working from **8pm Saturday to 5am Tuesday**.

Access to properties will be maintained throughout the work. Please be aware that works unrelated to the Bridge Road Cycleway, Glebe may also occur in the area during this time.

What this means for you

We'll be using noisy machines to remove the top layer of asphalt and to lay new asphalt, as well as jack hammers, and compaction equipment. We'll use a range of measures to minimise noise, light and vibration generated by our machinery.

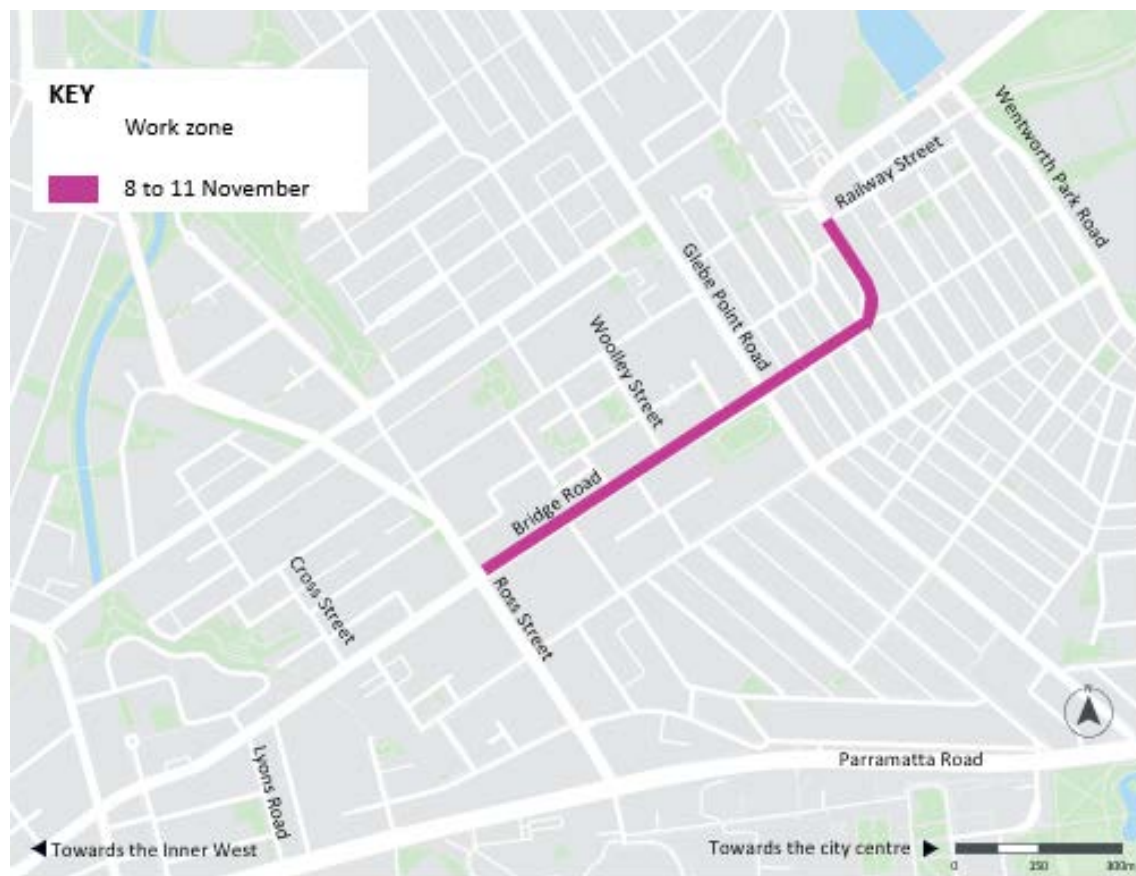

There will be temporary traffic changes in place. For the safety of all road users and pedestrians, please follow instructions by traffic control.

If you have any questions about this work please contact us on **1300 959 936** (24-hours).
