

Fixing Local Roads

June 2025

LGA	Project Name	Project description	Funding Amount
Albury City Council	Centaur Road - Rehabilitation	This project will rehabilitate a 0.7km section of Centaur Road and Mudge Street, Hamilton Valley.	\$1,821,353
Armidale Regional Council	Armidale-Kempsey Road (Location 3) - Rehabilitation	This project will rehabilitate a 1.85km section of Kempsey Road, Lower Creek by improving the pavement and seal, as well as drainage.	\$5,058,216
Ballina Shire Council	Brooklet Road - Maintenance	This project will patch and seal a 709m ² area, improve drainage and then resurface a 8561m ² section with new bitumen.	\$113,923
Ballina Shire Council	Friday Hut Road - Rehabilitation	This project will rehabilitate a narrow, undulating section of Friday Hut Road.	\$ 105,570
Ballina Shire Council	Houghlahans Creek Road - Rehabilitation	This project will reconstruct 0.82km of existing pavement with an addition of 150mm shale and two coat 20mm -10mm bitumen seal. Reshape table drains, construct two headwalls and one letterbox pit.	\$117,179
Balranald Shire Council	Leslie Drive - Sealing	This project will widen the road and shoulders, extend culverts and seal the new road width and length for about 1.6km.	\$246,500
Bathurst Regional Council	Lambert Street - Rehabilitation	This project will see the existing seal and part of the pavement strengthened of Lambert Street, Bathurst. This will also provide a smoother and more resilient surface for heavy vehicles.	\$ 182,000
Bathurst Regional Council	Piper Street - Maintenance	Resurfacing Piper Street, Bathurst which is the main carrier road for both raw and filtered water to two reservoirs located in Suttor Street.	\$387,930
Bega Valley Shire Council	Kameruka Lane - Rehabilitation	This project includes the pavement stabilisation, associated earthworks and drainage, installation of guardrail and sealing of all of the remaining unsealed sections of Kameruka Lane to improve freight access, economic productivity and road safety.	\$2,590,005
Bellingen Shire Council	Gleniffer Road - Sealing	Works include 110m of spray seal, 4km of shape correction including a new seal and 2km of heavy patching including a new seal.	\$1,707,107
Berrigan Shire Council	Lower River Road - Rehabilitation	The works involve widening and strengthening of the road pavement for 10km.	\$615,000

Bland Shire Council	Alleena Road - Sealing	Works involve rehabilitating and sealing a 3.5km section along the Alleena road to improve safety for residents and reduce maintenance expenses.	\$911,743
Blayney Shire Council	Panuara Road - Rehabilitation	This project includes heavy patching of a 3.7km section at 8.5m wide. The heavy patching involves stabilising the existing pavement layer, gravel and sealing.	\$1,920,750
Bogan Shire Council	Pangee Street - Rehabilitation	The project involves the rehabilitation and resurfacing of 8,070m ² of Pangee Street.	\$974,783
Bourke Shire Council	Various Local Roads - Sealing	This project involves sealing multiple roads across the LGA - Toorale Road, Coronga Park Road, Weelong Road, Weir Road, River Road, Parkdale Road and Weelong Road.	\$4,900,000
Brewarrina Shire Council	Jobs Gate Rd - Sealing - Stage 2	This is Stage 2 of the project to seal Jobs Gate Road. It will continue from the end of Stage 1 with another 12km towards the QLD border.	\$5,000,000
Broken Hill City Council	Comstock Street - Rehabilitation	Pavement rehabilitation works will be undertaken on two intersections which are located on Comstock Street. The intersections are Comstock Street and Piper Streets, and Comstock Street and Hebbard Streets. The project will involve strengthening existing pavement material.	\$397,613
Broken Hill City Council	Galena Street - Maintenance	This section of road requires heavy patching. The project will involve strengthening the existing pavement with a bitumen seal.	\$150,075
Byron Shire Council	Various Local Roads - Rehabilitation	Resurfacing of a number of roads in the seaside villages of Ocean Shores, South Golden Beach and New Brighton. The works will generally be asphalt overlays where there is existing kerb and gutter and drainage infrastructure which requires minimal or no repairs.	\$3,147,008
Cabonne Council	Borenore Road - Rehabilitation	This project involves the upgrade and full rehabilitation of Borenore Road for a length of 3km, starting at 1.3km from The Escort Hwy to the intersection of Akhurst Road.	\$1,417,500
Carrathool Shire Council	Carrathool Road - Sealing	Sealing of an existing unsealed local road including culvert replacement; road widening; intersection realignment and upgrades and improvement to safety on curves.	\$1,739,599
Central Coast Council	Gavenlock Road - Rehabilitation	The rehabilitation of Gavenlock Road from McPherson Road to Johnson Road will include in-situ stabilisation of the road pavement and resurfacing to increase structural capacity and restore consistent road surface.	\$489,543
Cessnock City Council	Sandy Creek Road - Rehabilitation	The existing pavement will be stabilised and resurfaced, with minor shoulder widening.	\$1,620,000
Clarence Valley Council	Firth Heinz Road - Gravel Resheeting	Gravel resheeting of this section of road for a distance of 10.9km with a more compliant gravel material.	\$491,516
Clarence Valley Council	Orchard Road - Gravel Resheeting	Gravel resheeting of this section of road for a distance of 0.35km with a more compliant gravel material.	\$5,457
Cobar Shire Council	Wilga Downs Road - Sealing	The project involves sealing two sections (total length 14km x 8m wide) of gravel/ natural road along Wilga Downs Road including 5 concrete causeways.	\$2,789,951
Coffs Harbour City Council	Hulberts Road - Rehabilitation	Works to include rehabilitating Hulberts Road including shoulder widening.	\$299,380

Coffs Harbour City Council	Moonee Street - Rehabilitation	Undertake deep lift asphalt repair of existing failed pavement travelling lanes. Work will include the cold milling of the existing travel lane and replace with two layers of dense grade asphalt.	\$198,912
Coolamon Shire Council	Methul Road - Rehabilitation	Rehabilitation works involve importing suitable crushed road base material, formation and alignment corrections, lime stabilisation to 150mm depth, two coat bitumen seal and drainage maintenance.	\$1,376
Coolamon Shire Council	Various Local Roads - Gravel Resheeting	Gravel road resheet to four key local unsealed roads: Berry Jerry Lane, Lesterfield Lane, Menzies Lane and East West Road. In total, approximately 8.5km will be resheeted.	\$118,680
Coolamon Shire Council	Various Local Roads - Rehabilitation	Rehabilitation works to upgrade the seal on Warners Lane and Gradys Lane.	\$278,115
Coonamble Shire Council	Carinda Road - Maintenance	Works to Carinda Road include paving maintenance, shoulder reinstatement and heavy patching as well as culvert repairs.	\$569,943
Cootamundra-Gundagai Regional Council	Brawlin Road - Sealing	This project involves upgrading an existing gravel road to a sealed road. Works will include widening to accommodate two-way traffic, improvements to drainage to prevent road washouts and bitumen sealing. Project length 1.2km.	\$157,500
Cootamundra-Gundagai Regional Council	French Street - Rehabilitation	This project involves reconstruction the existing road pavement. Removal and replacement of existing damaged kerb and bitumen sealing of new pavement. Project length 0.29km.	\$187,500
Cootamundra-Gundagai Regional Council	Warralong Road - Sealing	This project involves upgrading an existing gravel road to a sealed road. Works will include widening to accommodate two-way traffic, improvements to drainage to prevent road washouts and bitumen sealing.	\$187,500
Cowra Shire Council	Various Local Roads - Sealing	This project involves sealing sections of the existing unsealed gravel road network across the LGA. These works will extend the length of all weather local road access to the Regional Road and State Road network.	\$1,647,184
Dubbo Regional Council	Old Mendooran Road - Sealing	This project follows on from Council's project in Round 1 and involves sealing the remaining 2.2km unsealed section of Old Mendooran Road. The lane width will be increased to 3.5m.	\$1,370,524
Dungog Shire Council	Flat Tops Road - Rehabilitation	Works involve the stabilisation and resealing 3km of Flat Tops Road, including widening to existing formation widths.	\$823,656
Edward River Council	North Deniliquin - Rehabilitation	Works involve pavement rehabilitation, shoulder widening, seal extension, kerb and gutter, new seal and drainage.	\$910,000
Eurobodalla Shire Council	Peninsula Drive - Rehabilitation	Works to include the rehabilitation of road surface between the start of Lincoln Crescent to end of Lincoln Crescent.	\$273,750
Eurobodalla Shire Council	Wallarrah Street - Rehabilitation	Works to include the rehabilitation of road surface from Myamba Parade to Palana Drive.	\$263,250
Federation Council	Cullivel Road - Rehabilitation	Works to include reconstruction of existing pavement; and widen seal to shoulders in part.	\$2,585,161
Forbes Shire Council	Yarrabandai Road - Sealing	This project involves widening and sealing 12.9km of Yarrabandai Road.	\$2,382,564
Gilgandra Shire Council	Berida Bullagreen Road - Rehabilitation	Following on from Council's Round 1 project, this project will see 4.13km of the Berida Bullagreen Road rehabilitated using in-situ stabilisation and resealed with a 6m wide seal.	\$198,406

Glen Innes Severn Council	Various Local Roads - Gravel Resheeting	This project will see 84km of existing gravel road graded to correct shape and a graded aggregate seal installed to extend longevity and improve safety.	\$3,019,278
Goulburn Mulwaree Council	Windellama Road - Rehabilitation	This project involves vegetation clearing, drainage repair work, heavy patching, gravel overlay, reseal & shoulder repair on Windellama Road.	\$4,564,860
Greater Hume Shire Council	Gerogery Road - Rehabilitation	This project involves the rehabilitation and widening of 4.5km of Gerogery Road.	\$1,959,911
Griffith City Council	Barber Road - Sealing	This project involves widening and sealing Barber Road. The new road will be 11m wide with a 10m seal width. Upgrade drainage will include the installation of additional culverts and table drain formation.	\$2,976,646
Gunnedah Shire Council	Stock Road - Rehabilitation	This project will upgrade Stock Road, from Pearson Street to Kurrumbede Lane. Some minor drainage works will take place to rectify long standing issues.	\$ 411,375
Gwydir Shire Council	Oregon Road - Gravel Resheeting	Works involve resheeting approximately 27km of gravel road with imported gravel and dust suppressing binder where existing gravel has been worn to expose the underlying subgrade. Where imported gravel is present, in situ crushing is required to reduce damage to vehicles and improve safety.	\$1,790,525
Hay Shire Council	Cemetery Road - Rehabilitation	The project involves the widening and full reseal of Cemetery Road, Hay. The length of the road involved is 1.45km. The work will involve earthworks, gravel placement, stabilisation to widen the road from 5.5m to 7.5m, and reseal of the full width of the widened pavement.	\$185,625
Hay Shire Council	Various Local Roads - Rehabilitation	The work involves pavement rehabilitation and resealing. The total length of urban street network to be rehabilitated is 0.545km, and will involve stabilising existing pavement and resealing. The streets to be rehabilitated are: River Street, Solling Street, Pollard Street, Chancery Street and Wilkins Street.	\$122,625
Hilltops Council	Tarrants Gap Road - Sealing	Works involve installation of culverts, reshaping shoulder drains, formation works, sealing and grading.	\$900,000
Inverell Shire Council	Howell Road - Rehabilitation	This project involves rehabilitating the pavement by patching, vegetation removal, drainage maintenance and shoulder grading.	\$881,500
Junee Shire Council	Pattersons Road - Rehabilitation	The project proposed is for a full rehabilitation of 1.02km of Pattersons Road.	\$417,031
Junee Shire Council	Kempsey- Armidale Road - Sealing	This project involves widening, pavement improvement and sealing two sections of Kempsey-Armidale Road - 2.8km and 4km in length.	\$4,993,991
Kiama Municipal Council	Fern Street - Rehabilitation	Resurfacing a section of Fern Street from Bridges Road to the pedestrian crossing in Gerringong Town Centre. The length of this section is 0.6km. Only the travel lanes are going to be resurfaced (not the parking lanes) which equates to an area of 3,600m ² .	\$144,000
Kiama Municipal Council	Toolijooa Road - Rehabilitation	Rehabilitating a section of Toolijooa Road, approximately 1km in length between Sharpes Lane and Dooley Road.	\$220,050

Kyogle Council	Sextonville Road - Rehabilitation	This 1.55km section of Sextonville Road will be rehabilitated to a 7m width. The works will involve repairs to the shoulders, replacement of 6 culverts, 150mm pavement overlay, stabilise 250mm pavement with 2% cement, 14/10 two coat seal, line marking and install roadside signage to Australian standards.	\$738,440
Lachlan Shire Council	Merribogie Road - Rehabilitation	The first 7km of Merribogie Road from Tullibigeal will be rehabilitated. The finished road will be 7m wide over a 10m wide formation.	\$1,112,222
Lake Macquarie City Council	Ocean Street - Rehabilitation	The project will involve road pavement repair and rehabilitation on Ocean Street, Dudley for a length of 0.355km. The project will rehabilitate the existing kerb and channel and renew the existing footpath.	\$2,539,210
Leeton Shire Council	Whitton Road - Rehabilitation	This project involves two separate types of rehabilitation and maintenance works on the same road. One small section of full pavement rehabilitation where the road is in extremely poor condition and a much larger section of Whitton Road where previous shoulder widening works from 10+ years ago have started to fail.	\$588,000
Lismore City Council	The Channon Road - Rehabilitation	Rehabilitation of a section of road pavement on The Channon Road, from Currie Road to The Channon.	\$565,375
Lithgow City Council	Old Western Road - Rehabilitation	This project involves rehabilitating the existing pavement, widening the road to 8m and sealing.	\$468,503
Liverpool Plains Shire Council	Bulun Bulun Road - Rehabilitation	Works on Bulun Bulun Road (10km section of the 15.7km length) includes major pavement heavy patching/rehabilitation and where required, shoulder stabilisation and wearing surface improvements. Where required, minor drainage works will be undertaken to clear and improve existing mitre drains.	\$1,366,132
Lockhart Shire Council	Prichard Place - Sealing	Works to include grading out existing material approximately 0.4km south of Spanish Avenue to Veneris Street, construction of sub-base and base, sealing of road section and drainage works.	\$103,275
Maitland City Council	Station Lane - Rehabilitation	A 0.6km section of Station Lane, from New England Highway and Christopher Road, will have pavement reconstruction, surface drainage repair and improvement, line marking and signage installation.	\$1,080,500
MidCoast Council	Diamond Beach Road - Rehabilitation	This project involves the rehabilitation of pavement and application of new wearing surface to repair rutting, potholes and other pavement failures.	\$519,015
Mid-Western Regional Council	Various Local Roads - Sealing	Sealing of 9km of Coxs Creek Road, 5.8km of Botobolar Road and 2km of Lower Piambong Road resulting in 16.8km of existing unsealed main Local Road bus routes being sealed.	\$5,009,174
Moree Plains Shire Council	Terry Hie Hie Road - Sealing (Stage 2)	Continuation of project to reconstruct and seal Terry Hie Hie Road. This project will seal another 5.57km of the road.	\$2,886,897
Murray River Council	Centre Road - Sealing	Sealing a 1.2km section of Centre Road, from approx. 7km north of Ham Road to 8.2km north of Ham Road.	\$456,000
Muswellbrook Shire Council	Widden Valley Road - Rehabilitation	This project involves pavement rehabilitation, shoulder widening, and re-sealing to significantly improve the condition of the road, and sustaining access and improving safety for the community.	\$553,397

Nambucca Valley Council	Various Local Roads - Rehabilitation	Removal and replacement of sections of failed pavement within Princess Street, River Street and Wallace Street, Macksville and re-seal the roads to provide a continuous even and safe traffic surface.	\$577,500
Narrabri Shire Council	Doreen Lane - Rehabilitation	Pavement rehabilitation 4.643km of Doreen Lane which is a vital freight collector road for the Shire.	\$1,435,002
Narrandera Shire Council	Rosedale Road and Settlers Road - Sealing	Undertake road seal extensions to the N2424 Narrandera Sandigo Kywong school bus route, which will result in the complete sealing of the route. This project will result in the sealing of 6.4km of roadway on two roads being Rosedale Road and Settlers Road.	\$454,440
Narromine Shire Council	Farrendale Road - Gravel Resheeting	Gravel re-sheet various sections of Farrendale Road - 4km.	\$304,000
Narromine Shire Council	Raeburn Lane - Gravel Resheeting	Works involve gravel resheet of 4.4km of various sections along Raeburn Lane.	\$334,400
Oberon Council	Arkstone Road and Burraga Road - Maintenance	This project will repair existing potholing, rutting and pavement failures by resealing 3.1km section of Arkstone Road and the adjoining 23.6km of Burraga Road.	\$3,222,354
Orange City Council	Beasley Road - Rehabilitation	This project involves the reclamation and stabilisation of existing pavement, widening of road shoulders to provide consistent 10m formation, improvements to road alignment and sight distance at intersection with Blunt Road, resurfacing of road, line marking and delineation.	\$1,500,000
Parkes Shire Council	Currajong Street - Rehabilitation	This project will rehabilitate the road surface from one edge to the other to remediate the poor condition of the current pavement which is failing.	\$3,360,674
Port Macquarie-Hastings Council	Various Local Roads - Rehabilitation	This project involves strengthening the road pavement and increasing the lane width of the road from 3m to 3.5m where possible. Shoulder widening minimum 1m where possible. The roads being rehabilitated are: Bago Road/Cameron Street, Timbertops Close and Azalea Street.	\$785,000
Port Stephens Council	James Road - Rehabilitation	This project involves rehabilitating the existing road pavement of James Road, Medowie from Boyd Boulevard extending 0.5km north.	\$349,749
Queanbeyan-Palerang Regional Council	Majors Creek Road - Rehabilitation	Rehabilitation and widening of a section (between Araluen Road and Monga Lane) of Majors Creek Road. In-situ stabilising of the existing pavement to both strengthen the pavement and to widen the existing 5.2m carriageway to an 8m wide sealed pavement.	\$2,062,500
Richmond Valley Council	Country Lane - Rehabilitation	This project involves reconstruction and sealing of 0.25km of unsealed road. This will address safety, access and drainage issues for both residential and industrial heavy vehicle users.	\$ 915,829
Shellharbour City Council	Bass Point Tourist Road - Rehabilitation	Rehabilitation of pavement material and wearing surface. It will also be resurfaced with asphalt concrete from its intersection with the recently opened Harbour Boulevard to the gates of Bass Point Reserve.	\$1,300,040
Shoalhaven City Council	Worrigee Road - Rehabilitation	This project involves rehabilitating 0.76km of sealed road pavement, widening the road to have 2 x 3m wide lanes and 0.5m of sealed shoulder on either side.	\$1,050,000

Singleton Council	Putty Valley Road - Rehabilitation	Construction of retaining walls to permanently arrest landslips on a section of Putty Valley Road.	\$1,067,149
Snowy Monaro Regional Council	Avonside Road & Maffra Road - Rehabilitation	The works include sealing of existing unsealed road 6.1km section of Avonside Road and rehabilitation of existing 29.7km sealed road section of Maffra Road.	\$4,322,265
Tamworth Regional Council	Duri-Dungowan Road - Sealing	This project involves upgrading an existing section of an unsealed HML 25/26m B-double route to a sealed road. This requires the re-establishment of suitable table drains, construction of suitable pavement depth and sealing of the 6.2km of section of road.	\$2,830,809
Temora Shire Council	Old Cootamundra Road - Rehabilitation	This section of the Old Cootamundra Road is currently 5.6m wide with a seal condition rating of 4. This project will increase the width to a minimum of 6.8m.	\$849,342
Tenterfield Shire Council	Kildare Road - Sealing	This project involves reconstructing 12.5km of gravel road, applying a bitumen seal and upgrades to surface drainage and culverts. Works also include upgrading signage along the Currys Gap State Conservation Area, Mount Mackenzie Nature Reserve, and Doctors Nose Mountain Nature Reserve route.	\$3,359,880
Tweed Shire Council	Amaroo Drive - Rehabilitation	This project involves patching and resurfacing 0.54km of Amaroo Drive between Darlington Drive and Ash Drive. Resurfacing will involve milling and removal of existing asphalt, application of bitumen seal, new asphalt surface and line marking.	\$90,931
Tweed Shire Council	Leisure Drive - Rehabilitation	This project involves resurfacing 0.46km of Leisure Drive between Nudgee Street and Woodlands Drive, and replacement of existing granular pavement at Woodlands Drive roundabout.	\$171,679
Upper Hunter Shire Council	Barrington Forest Road - Sealing (Stage 1)	This project will seal 6.4km of Barrington Forest Road from the intersection with Moonan Brook Road. Work involves gravel patching and repair of all pavement defects such as potholes, corrugations and scours. Works will also include the repair and/or replacement of damaged or undersized drainage structures, the installation of additional drainage structures and installation of guard rail.	\$4,710,000
Upper Lachlan Shire Council	Various Local Roads - Rehabilitation	This project will rehabilitate existing sealed sections of Cullerin Road, Bigga Road, Fullerton Road, Jerrawa Road, Peelwood Road and Collector Road.	\$4,332,281
Uralla Shire Council	Hawthorne Drive - Rehabilitation	This is stage 2 of 2 to repair and rehabilitate Hawthorne Drive. Stage 2 involves works to the remaining 3.15km length of Hawthorne Drive. Work will involve strengthening the road base, widening to 7m, reshaping and resealing.	\$810,465
Wagga Wagga City Council	Pearson Street and Dobney Avenue - Rehabilitation	This project will involve pavement design, minor kerb and gutter replacement, rehabilitation of pavement, sealing, and line marking.	\$4,205,964
Walcha Council	Middle Street, Walcha - Rehabilitation	This project will rehabilitate a 220m section of Middle Street, near the centre of Walcha. Works will involve placing a granular overlay and stabilisation to a depth of 200mm. A 30mm AC10 Asphalt overlay will then be placed as a wearing course.	\$441,836

Walcha Council	Walsh Street - Rehabilitation	This project will rehabilitate Walsh Street. Works will involve placing a granular overlay and stabilisation to a depth of 200mm. A bitumen spray seal will then be used as the wearing course. New kerb and guttering will be installed.	\$403,336
Walgett Shire Council	Lorne Road - Rehabilitation	Building a side track suit to heavy vehicles. Widening, formation and compaction of the existing road surface to 10m width.	\$2,070,000
Warren Shire Council	Ellengerah Road - Rehabilitation	Ellengerah Road Segment 22 will be rehabilitated including re-shaping of the existing formation, stabilising of the newly created formation and a new bitumen seal.	\$698,771
Warrumbungle Shire Council	Tongy Lane- Rehabilitation	Rehabilitation of pavement and edge repair. Overlay approximately 1.5km of existing surface with 100mm compacted road base and bitumen seal the surface.	\$272,513
Weddin Shire Council	New Forbes Road - Rehabilitation	Widening of sections of New Forbes Road from approx. 5m to 7m and removal of roadside hazards. This includes reshaping the pavement, shoulders and batters to improve drainage which will both increase the resilience to heavy vehicle movements/inclement weather and improve safety for the community.	\$4,305,839
Wentworth Shire Council	Little Manly Road - Sealing	This project will seal 0.4km of an existing gravel road.	\$114,408
Wentworth Shire Council	Native Ridge Lane - Sealing	This project will seal 0.88km of an existing gravel road.	\$239,848
Wingecarribee Shire Council	Kirkham Street - Rehabilitation	This project will involve rehabilitating the pavement including improvements to drainage, replacing the kerb and line marking.	\$1,275,000
Yass Valley Council	Various Local Roads - Rehabilitation	Resealing of 79 road segments located on 42 local roads and involves resealing of approximately 46km of local roads. The resealing works are undertaken to address linear cracking, surface texture defects, seal oxidation and lose of flexibility.	\$2,285,500
Port Stephens Council	Hannah Parade - Rehabilitation	To reseal the existing road pavement along Hannah Parade and extend the seal into the gravel section (which seconds as a parking area) at the end of Hannah Parade (0.3km).	\$40,447

Council withdrew the above successful project in this round. The project involved the rehabilitation of various roads.

Project list last updated June 2025.
