

Investigation work at Frederick Street and John Street, Ashfield from Thursday 18 September 2025

Community Notification

September 2025

Transport for NSW acknowledges the Gadigal and Wangal people as the Traditional Custodians of the lands on which we work and pays respect to Elders past and present.

Transport for NSW will carry out investigation work at the intersection of Frederick Street and John Street, Ashfield between Thursday 18 September and Thursday 16 October 2025.

What work are we doing?

The work will involve surveying the area for underground utilities and drilling into the road surface to collect samples, to inform design for the future signalisation of the intersection.

Further information on the location of the work is shown on the map overleaf.

When will we be working?

We will be working for **six night shifts** between **Thursday 18 September** and **Thursday 16 October 2025**, weather permitting.

We will work between **Sunday** and **Thursday**, **8pm** and **5am**, the next day.

We will not work on Friday nights, Saturdays or on the Monday 6 October public holiday.

What will this mean for you and how will we manage it?

Our work needs to be carried out at night to minimise disruption to traffic and reduce safety risks to our workers, pedestrians and motorists.

It may be noisy at times, but we will do everything we can to minimise our impacts by:

- turning off equipment and vehicles when not in use
- completing noisier tasks by midnight
- installing noise blankets around our work area when carrying out noisy activities
- using quieter equipment where possible.

Traffic changes

There will be temporary traffic changes to make sure the work zone is safe. This will include lane closures and a reduced speed limit of 40km/h.

Please keep to speed limits and follow the direction of traffic controllers and signs.

Transport for NSW thanks the community for their patience while we complete this work.
