

Night road closure on Carter Street, Lidcombe between Sunday 2 November and Thursday 6 November 2025

Hill Road Upgrade

October 2025

Transport for NSW acknowledges the Dharug people as the Traditional Custodians of the lands on which we work and pays respect to Elders past and present.

Transport for NSW is upgrading Hill Road between Parramatta Road and Bombay Street to the south and Old Hill Link to the north to improve connectivity to Carter Street Precinct, Sydney Olympic Park and surrounding areas.

The program is funded as part of the \$140 million Housing Acceleration Fund (HAF) by Department of Planning, Housing and Infrastructure.

What work are we doing?

Utility work will be undertaken on Carter Street and includes:

- saw cutting and excavating sections of the road
- excavating and repairing conduits
- backfilling the work area.

When we will be working?

We will be on site for up to **five night shifts** between **Sunday 2 November** and **Thursday 6 November 2025**, weather permitting.

Working hours are **8pm to 5am**, the next day.

What will this mean for you?

Our work needs to be carried out at night to minimise disruption to traffic and reduce safety risks for our workers, pedestrians and motorists.

You will notice:

- reduced speed limits to 40km/hour
- lane closures at Carter Street and Hill Road
- detours for motorists and cyclists
- workers and vehicles on site.

Managing our impacts

It may be noisy at times, but we will do everything we can to minimise our impacts, including turning off equipment and vehicles when not in use and using quieter equipment, where possible.

Road closures and detours

Carter Street will be closed to traffic at the intersection with Hill Road. There will be no access to Carter Street from the M4 Motorway off ramp. Residents accessing Sydney Olympic Park from Hill Road will need to go via Old Hill Link.

All heavy vehicle movements will be redirected via two suggested detour routes:

Option 1 to access Carter Street from Hill Road: use Holker Street, Silverwater Road, Parramatta Road and Birnie Avenue.

Option 2 to access Hill Road from Carter Street: use Uhrig Road, Edwin Flack Avenue, Birnie Avenue and Parramatta Road.

These detours will add between 11 to 15 minutes additional travel time to your journey. Please plan ahead and follow

directions of detour signs and traffic controllers. Emergency vehicles access will be maintained at all times.

Thank you to the local community, residents and businesses for your patience and understanding while we carry out these essential works.

We acknowledge that road closures, reduced 40km/hour speed limits and night works can be disruptive, and we are working hard to minimise impacts wherever possible. Your cooperation helps us deliver safer, more efficient roads for the community possible.
