

Hill Road Upgrade – Utilities work

Telstra work in Lidcombe and Auburn

July 2025

Transport for NSW acknowledges the Dharug people as the Traditional Custodians of the lands on which we work and pays respect to Elders past and present.

Transport for NSW is upgrading Hill Road between Parramatta Road and Bombay Street to the south and Old Hill Link to the north to improve connectivity to Carter Street Precinct, Sydney Olympic Park and surrounding areas.

The program is funded as part of the \$140 million Housing Acceleration Fund (HAF) by Department of Planning, Housing and Infrastructure.

What work are we doing?

Utility work on Telstra assets is being carried out to rectify blocked underground ducts and to confirm cable connections.

Work includes:

- saw cutting and excavating sections of the footpath
- excavating and repairing conduits
- backfilling the work area.

When and where we'll be working

Our work will be carried out between **Monday 14 July** and **Friday 22 August** for a period of **6 weeks**, weather permitting.

Working hours are **7am to 6pm, Monday to Friday** and **7am to 1pm, Saturday**.

We will be working at Ottey Avenue, Newington Boulevard, Hill Road, Carter Street, Parramatta Road in Lidcombe and Rawson Street in Auburn.

Please see map overleaf showing work locations.

What will this mean for you and how will we manage it?

Some of the work may be noisy, however we will do everything we can to minimise our impacts to the community and the environment including:

- turning off equipment and vehicles when not in use
- using quieter equipment where possible
- protecting trees with no-go areas established
- reinstating work areas with landscaping and footpath repairs.

Traffic and pedestrian impacts

There will be temporary traffic changes to make sure the work zone is safe.

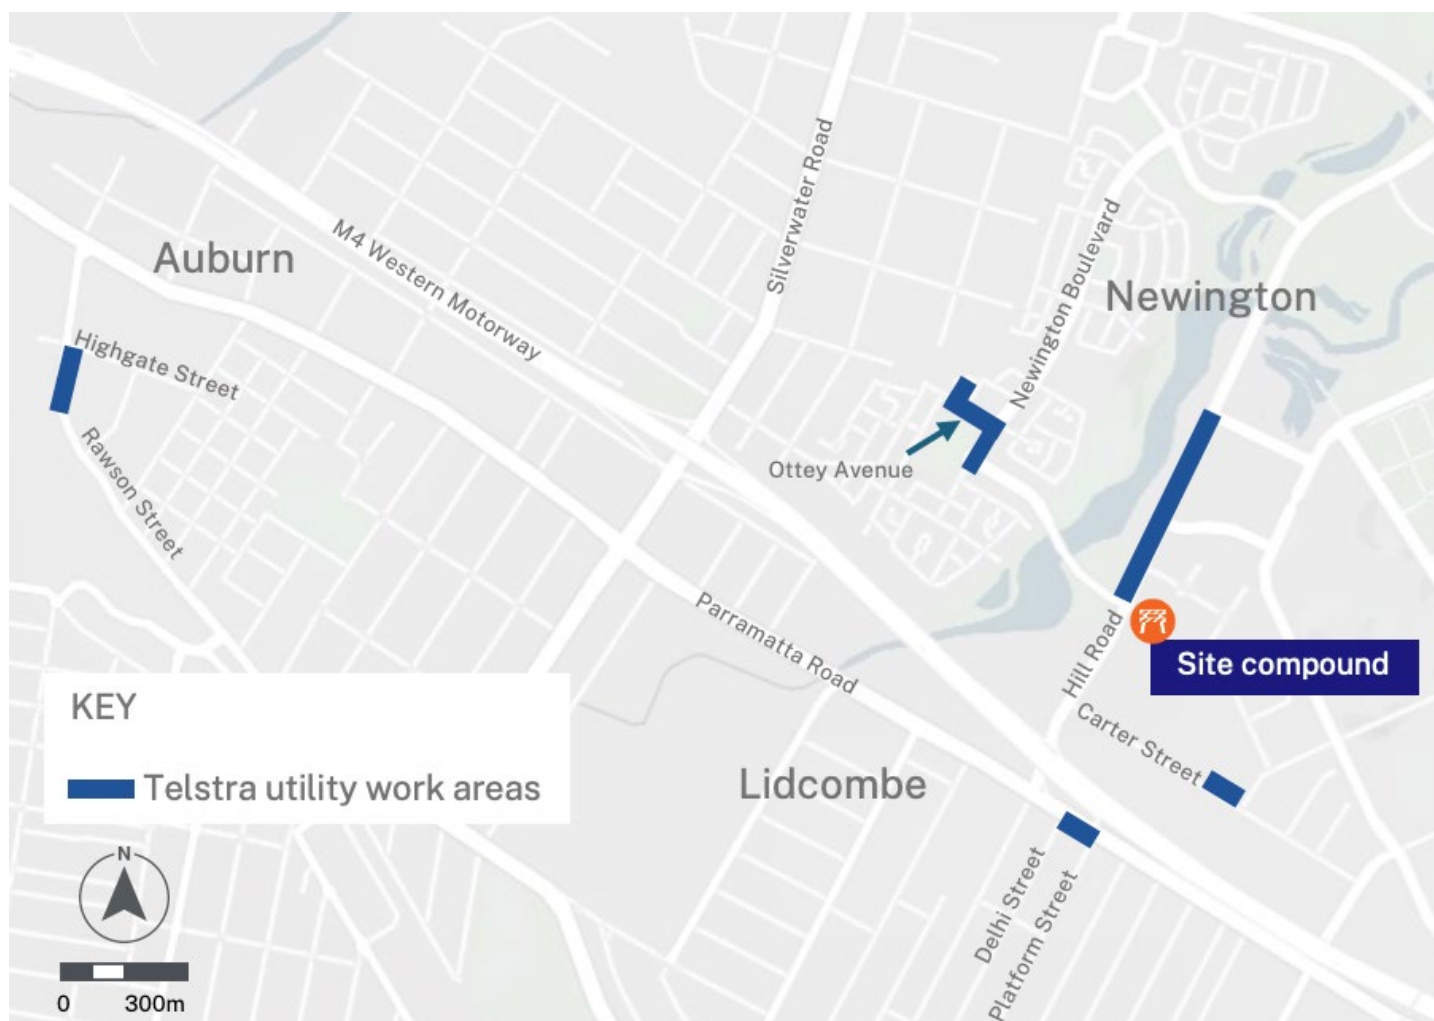

Lane closures, a reduced speed limit of 40km/h and stop/go traffic control will be in place for the safety of road users and our workers.

Temporary detours will be in place for pedestrians and cyclists with traffic controllers on site to guide you.

Please keep to speed limits and follow the direction of traffic controllers and signs.
