

Henry Lawson Drive Upgrade

Stage 1A

Project Update

December 2024 – February 2025

Transport for NSW acknowledges the Darug and Eora People as the traditional custodians of the land on which the Henry Lawson Drive Upgrade Stage 1A project sits and pays respect to Elders past and present.

Transport for NSW is upgrading Henry Lawson Drive, between Tower Road, Bankstown Aerodrome and Auld Avenue, Milperra.

What work are we doing?

During standard work hours, work will include:

- Pavement construction on Henry Lawson Drive
- Trenching for drainage
- Kerb and gutter construction.

Night work will include:

- Traffic changes for staging works
- Asphalt and line marking
- Drainage works and concreting.

When and where we'll be working

Our normal work hours will be between **7am and 6pm** from **Monday to Friday** and between **8am and 1pm** on Saturday. We will not work standard hours on Sundays and during public holidays.

Our night work hours will be **Sunday to Thursday** or from **Monday to Friday**, from **8pm to 5am** to minimise traffic disruptions and reduce safety risks to workers and road users. The project will not exceed 5 nights in a 7-day period.

When required we will work up to five nights a week, weather permitting, and excluding public holidays. We will contact those residents directly impacted by night works in advance.

Our last working day for the year is Friday 20 December 2024, and we resume work on Monday 6 January, 2025.

What will this mean for you?

We will be changing traffic conditions to assist future construction work on Henry Lawson Drive and Milperra, Tower, and Newbridge Roads.

You may notice increased activity in the area, including:

- Workers and vehicles
- Traffic controllers and signage
- Lane closures and reduced speed limits
- Footpath closures
- Pedestrian and cyclist detours.

Our work will involve the use of machinery and equipment which generates some noise. We will make every effort to minimise noise by turning off machinery and vehicles when not in use.

Please observe traffic change information displayed on variable message signs located along the upgrade zone.

For the latest traffic updates, call 132 701, visit [livetraffic.com](https://www.livetraffic.com) or download the Live Traffic NSW app.

Henry Lawson Drive – Water trucks spray the road with water to prevent dust.
