

# Rail Service Improvement Program

## Homebush to Strathfield

April 2025

Transport for NSW acknowledges the Gadigal people of the Eora Nation as the Traditional Custodians of the lands on which we work and pays respect to Elders past and present

The Rail Service Improvement Program, formerly known as More Trains, More Services, enables a safer, more equitable, and integrated transport network where people can travel more safely, reliably, and efficiently across NSW.

### What work are we doing?

In April, we will be completing electrical infrastructure and overhead wiring work inside the rail corridor at Homebush and Strathfield.

This work will include:

- removing, installing, and altering overhead wiring infrastructure
- painting existing overhead wiring structures.

A temporary site compound will be established at Columbia Lane, Homebush.

Standard construction hours on this project are between **7am to 6pm Monday to Friday and 8am to 1pm on Saturdays**.

### Out of hours work

Some work is required to take place outside of standard construction hours, between **6am Wednesday 2 April and 6pm Wednesday 9 April 2025**.

### Why we work outside of construction hours

We schedule work outside of standard construction hours to take place during Sydney

Trains trackwork periods when no trains are running, minimising disruptions to commuter services and improving the safety of our construction team and customers.

### What will this mean for you?

Work will not be continuous, however you may notice:

- an increase in workers and construction vehicles
- noise from machinery and equipment, including mobile cranes, hand tools, and other plant equipment.

### Traffic control and other agencies

Please note other agencies will be working in the area and may temporarily remove parking along surrounding streets as part of their ongoing work.

### Managing our impacts

We understand construction activities may cause disruption to our closest neighbours, and every effort will be made to minimise impacts where possible.

### Easter and Anzac Day shutdown period

Work will not occur over the Easter and Anzac Day period in April.

Our offices will be shut down and no work will take place on:

- **Friday 18 April to Monday 21 April, returning to work on Tuesday 22 April**
- **Friday 25 April.**

You may notice standard security checks in these work locations during these times.
