

# Jervis Bay Road intersection upgrade

## Princes Highway upgrade program

### Construction update

April 2025

Transport for NSW acknowledges the Traditional Custodians of the lands on which we work and pays respect to Elders past and present.

The Australian and NSW governments are investing in an upgrade to the Princes Highway and Jervis Bay Road intersection at Falls Creek.

#### What work are we doing?

During April, work will continue including:

- embankment construction, including major earthworks and importation of material
- progressing the bridge foundation, with piling and construction of retaining walls under way
- continuing the eastern access road, with access to open soon for some Princes Highway residents who will be consulted separately about the changes
- building road surfaces on parts of the Princes Highway, Jervis Bay Road, Old Princes Highway and Willowgreen Road
- installing new drainage across the site
- ongoing construction of the new eastern roundabout to allow Jervis Bay Road to remain open while major bridge works are in progress (more information will be provided prior to changes being implemented)
- removing the median barrier on the Princes Highway north of the intersection and slightly realigning the southbound lane for works to occur on the eastern side of the highway
- continuing remaining electrical relocations

- installing and/or relocating safety barriers and signage.

#### When we'll be working

From **Tuesday 1 to Wednesday 30 April 2025** our standard work hours will be Monday to Friday between 7am and 6pm, and on Saturdays between 8am and 1pm.

Night work will be carried out for up to 10 shifts each month between 6pm and 7am, with the following nights scheduled for work during April:

- **Wednesday 2 & Thursday 3 April 2025**
- **Wednesday 9 & Thursday 10 April 2025**
- **Tuesday 15 & Wednesday 16 April 2025**
- **Wednesday 30 April 2025.**

All work is subject to weather conditions. We will keep the community informed of any changes.

#### Temporary traffic changes

During work hours there will be some temporary traffic changes to ensure the work area is safe. Lane/shoulder closures and reduced speed limits of 60 km/h or 40 km/h may be in place on the Princes Highway, Old Princes Highway, Jervis Bay Road, Willowgreen Road and Gardner Road.

Some of the utility relocation, road surface and drainage work will be done during night shifts to minimise impacts to road users during peak times, resulting in lane closures where vehicles will be directed under traffic control.

Motorists are advised to drive to conditions and follow the directions of signs and traffic control.

During night work, motorists are advised to allow an extra five minutes' travel time.

## Holiday traffic management

Portable boom gates will be in place at the intersection of the Princes Highway and Jervis Bay Road on select dates between **Thursday 10 and Thursday 24 April 2025** to assist with managing the flow of increased traffic to the area during the Easter period and Autumn school holidays.

## What will this mean for you?

Some activities need to be carried out at night to

minimise traffic disruptions and reduce safety risks to our workers and road users.

We will not work more than two consecutive nights in the same area.

Our work may be noisy at times and there may be construction lighting in use, however we will do everything we can to minimise these impacts including using non-tonal reversing beepers on equipment, turning machinery and lighting off when not in use or required, and carrying out noisier works early during the night shift.

Transport for NSW thanks the community for their patience during this time.

## Contact us

For questions and enquiries please use the contact details below. The project does not have a community display centre; however, we are happy to arrange face-to-face meetings on request.
