

# Night work and traffic changes on Mandalong Close from Wednesday 15 October 2025

## Mamre Road Upgrade Stage 1

October 2025

Transport for NSW acknowledges the Dharug people of the Wianamatta Nation as the Traditional Custodians of the lands and waterways on which we work and pays respect to Elders past and present.

Transport for NSW is upgrading Mamre Road between the M4 Motorway, St Clair and Erskine Park Road, Erskine Park to reduce congestion and improve safety and travel times.

### What work are we doing?

Work is continuing to upgrade the intersection at Mandalong Close, which will change to be left in and left out only as part of the Mamre Road upgrade.

We are building the new road surface at the intersection in stages. We will lay temporary road surface on the southern side of Mandalong Close over **two nights** between **6pm** and **7am** on **Thursday 9 October** and **Friday 10 October**, weather permitting.

Once complete, traffic will use the southern side of Mandalong Close from **Wednesday 15 October 2025**, weather permitting.

This traffic change will allow work to progress on the northern side of Mandalong Close, with minimal disruption to road users.

Work activities will include:

- laying temporary road surface and line marking on the southern side of Mandalong Close
- installing concrete barriers for safety.

### Our work schedule

Our night shift hours will be from **6pm** to **7am** between **Monday night** and **Saturday morning**.

We will work during the day from **7am** to **6pm**, **Monday to Friday** and from **8am** to **1pm**, **Saturday**.

There will be no work on Sundays or public holidays.

### Managing our impacts

There may be some noise related with this work. We aim to minimise impacts on the community and environment by:

- finishing noisier work during the day
- turning off equipment and vehicles when not in use.

### What equipment will we use?

During this work, we may use:

- excavators, graders, rollers, and bobcats
- milling machines, asphalt pavers and hand and power tools
- light vehicles, lighting towers, water carts and sweepers.

### Traffic changes

There will be temporary traffic changes to ensure the work zone is safe for workers, residents, and road users.

Please keep to speed limits and follow the direction of traffic controllers.
