

# Changed traffic conditions on the Newell Highway at Bellata from Tuesday 11 February

## Narrabri to Moree Heavy Duty Pavement Upgrade

February 2025

Australian Government

BUILDING AUSTRALIA

NSW  
GOVERNMENT

Transport for NSW acknowledges the Traditional Custodians of the lands on which we work and pays respect to Elders past and present.

Work is continuing on the Heavy Duty Pavement Upgrade project on the Newell Highway between Narrabri and Moree to improve safety and travel reliability for all motorists.

### What work are we doing and where?

Crews will be carrying out line marking along a 5-kilometre section of the Newell Highway north and south of the Bellata township.

We will be working between the Tookey Creek Rest Area north of Bellata and the Tremayne Property Rail Level Crossing south of Bellata.

We have provided a map over the page showing the location of work.

### When we'll be working

We'll be working between the hours of **7am and 6pm** from **Tuesday 11 February**.

We expect to complete works by **Thursday 13 February**, weather permitting.

### What will this mean for you?

You may notice:

- traffic control, signage and reduced speed limits in place.
- noise from machinery and equipment.

### Managing our impacts

We aim to manage our work to minimise impacts to the community and the environment by:

- maintaining property access for residents at all times
- reducing our noise as much as possible, turning off machinery and vehicles when not in use.

### Traffic impacts

Work on the Newell Highway will be carried out under existing traffic control conditions to keep the work zone safe. This includes:

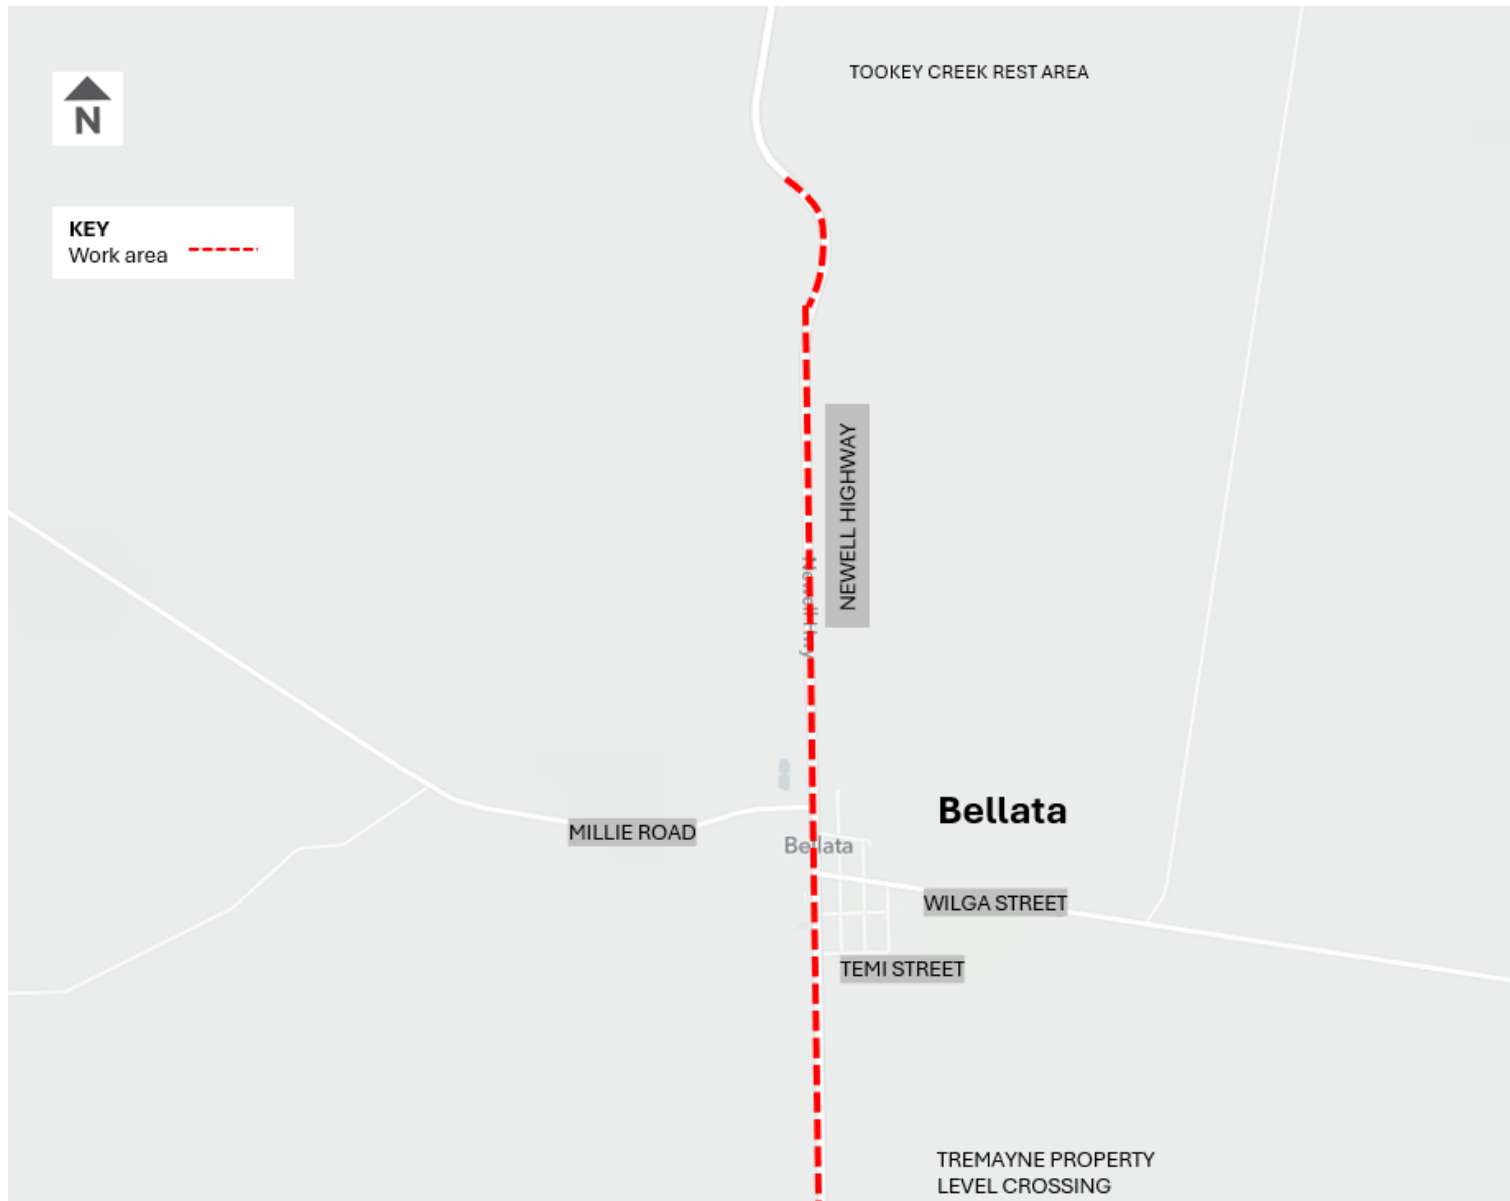

- single lane closures
- reduced speed limit to 40 km/h during work hours
- intermittent stopping.

Motorists are reminded to plan ahead, keep to the speed limit, and follow the direction of traffic controllers and signage.

**Motorists should continue to allow up to 15 minutes of additional travel time when travelling between Narrabri and Moree.**
