

# Pedestrian safety improvements on Parramatta Road, Homebush delayed

**Parramatta Road Urban Amenity Improvement Program**  
July 2025

Transport for NSW acknowledges the Wangal people as the Traditional Custodians of the lands on which we work and pays respect to Elders past and present.

Transport for NSW will temporarily pause safety improvements due to an unforeseen water pipe issue.

Pedestrian safety and urban amenity improvements between Nipper and Station Streets were due to finish by Friday 18 July. We are working with Sydney Water to resolve the issue as soon as possible, then we will restart this project.

## What work we have completed

We replaced sections of the existing concrete footpath on the north side of Parramatta Road and installed new fencing on the pedestrian crossing median.

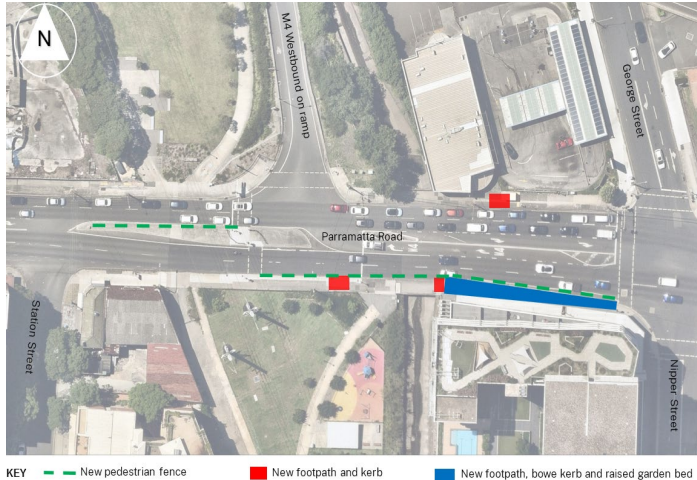

## What work still needs to be done

We still need to install new footpath and fencing, new kerb and raised garden bed on the south side of Parramatta Road.

To subscribe to the email distribution list for this project, please contact [parramattaroad.improvements@transport.nsw.gov.au](mailto:parramattaroad.improvements@transport.nsw.gov.au)

## Location of work area

Transport apologises for any inconvenience and appreciates your patience while we complete this important work.

We will notify the community when this project starts again.
