

Intersection Improvements at Regent Street and Cleveland Street, Chippendale from Monday 13 January

Network Efficiency Program

Community Notice

January 2025

Transport for NSW acknowledges the Gadigal people as the Traditional Custodians of the lands on which we work and pays respect to Elders past and present.

Transport for NSW is improving safety and efficiency at the intersection of Regent Street and Cleveland Street in Chippendale.

We will provide an additional lane for vehicles turning left from Regent Street into Cleveland Street. This will reduce queueing at the intersection for left turning motorists.

To provide an additional left turn lane we will change one of the through lanes on Regent Street into a left turn lane for northbound motorists.

What work are we doing?

Our work will include:

- removing and reconstructing the concrete island on the south-west corner of the intersection in a new position to accommodate the additional left turn lane
- renewing traffic light cabling
- upgrading traffic light posts and lanterns
- concrete works to restore road and footpath surfaces
- reinstating line marking and signs at the intersection.

When we'll be working

To subscribe to the email distribution list for this project, please contact info.harbour@connectsydney.com.au

We will be on site for **15 night shifts** between **Monday 13 January 2025** and **Monday 31 March 2025**, weather and site conditions permitting.

Our work hours will be between **8pm and 5am**.

Work will not be scheduled on Fridays, Saturdays, or public holidays.

Our work needs to be carried out at night to minimise traffic disruption and reduce safety risks to workers and motorists.

What will this mean for you?

You may notice:

- workers and vehicles
- traffic controllers and signage
- lane closures and reduced speed limits
- pedestrian detours and traffic controllers on site to guide you
- noise from machinery and equipment.

Managing our impacts

We will reduce our noise as much as possible by using noise blankets, turning off equipment when not in use and completing noisier tasks by midnight.

Temporary traffic changes

You may notice temporary traffic changes during work hours to ensure the work zone is safe.

We will ensure access to properties in and near the work zone are maintained.

Please keep to speed limits and follow the direction of traffic controllers and signs.
