

# Defect repairs and maintenance work

## Spring Farm Parkway Stage 1

April to June 2025

Transport for NSW acknowledges the Dharawal people as the Traditional Custodians of the lands on which we work and pays respect to Elders past and present.

Spring Farm Parkway is a key east-west link that will support the Greater Macarthur region, meeting the needs of a growing population by connecting communities.

### What work are we doing?

Work includes:

- minor defect repair work
- landscape maintenance work
- road maintenance

The map overleaf shows the locations of the work.

### Our work schedule

During the months of April to June, our standard work hours are **7am to 6pm, Monday to Friday** and **8am to 1pm, Saturdays**.

Unless otherwise notified, our night work construction hours are from **6pm to 5am, Sunday to Thursday** with no more than five consecutive nights of work at one time.

These hours exclude public holidays and inclement weather.

### What will this mean for you?

During our work hours, we may use noisy machinery and equipment. You may notice:

- workers, vehicles, traffic controllers and signage
- road/lane closures, detours, and reduced speed limits
- noise from machinery and equipment

We aim to manage our work to minimise impacts on the community and the environment. Our work may be noisy at times and we apologise for any inconvenience.

### Traffic changes

To minimise traffic disruptions and safety risks to workers and road users, reduced speed limits have been implemented around our work area.

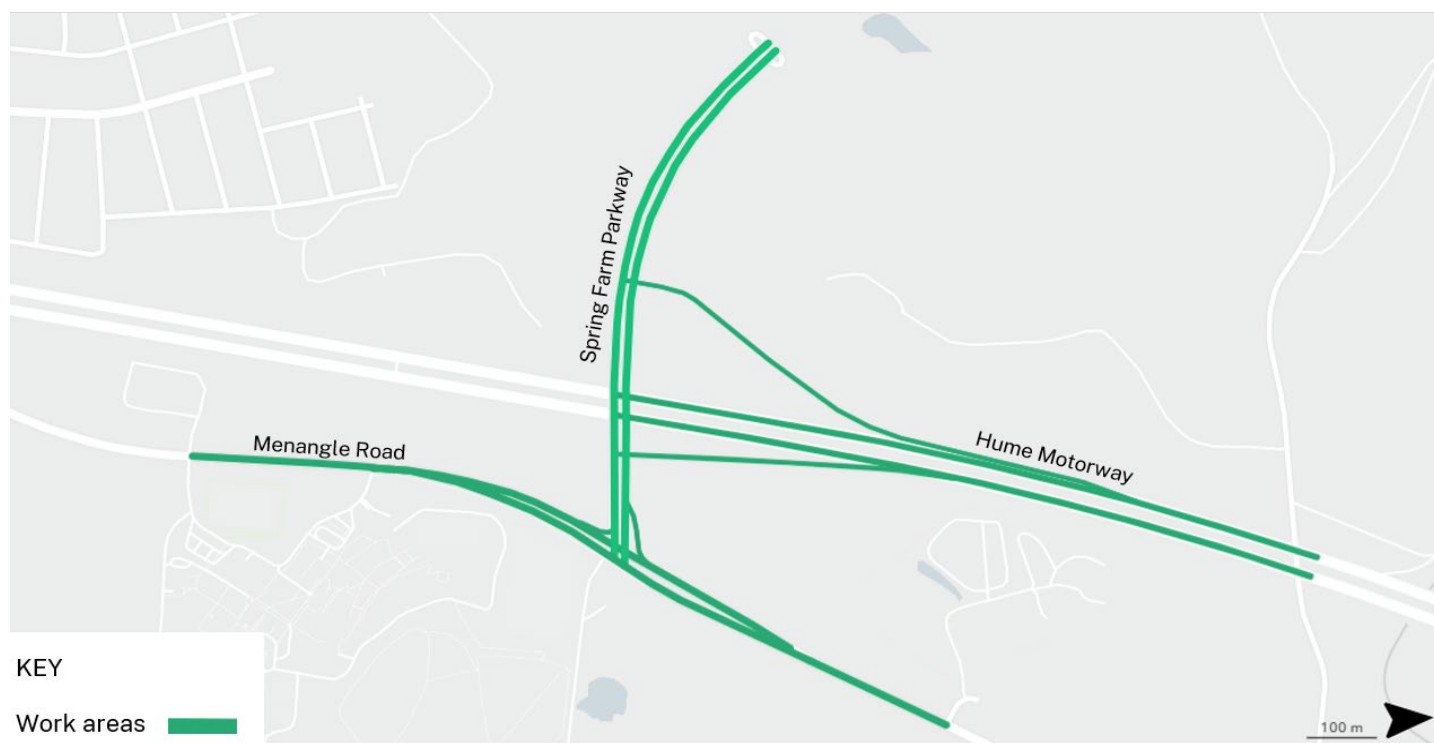

These include:

- 40km/h or 60km/h speed limit on Spring Farm Parkway while work is being carried out near live traffic
- 40km/h or 60km/h speed limit on Menangle Road while work is being carried out near live traffic
- 40km/h on the Hume Motorway during night work

Traffic signage will advise road users of these changes. Please keep to speed limits and follow signs and traffic controller's directions.

## Location of work areas
