

# Trial of left turn bans on Victoria Road citybound: Lyons Road and Edwin Street, Drummoyne

Utilities investigations and signage installation:  
Victoria Road at the intersections with Lyons  
Road and Edwin Street, Drummoyne

February 2025

Transport for NSW acknowledges the Wangal people of the Eora Nation as the Traditional Custodians of the lands on which we work and pays respect to Elders past and present.

Transport will be undertaking utilities investigations and installing signage for the left turn bans trial. The trial was supposed to start in January 2025, however has been delayed due to technical issues.

## What work are we doing?

The work includes:

- saw cutting and jack hammering of concrete pavement
- trenching, scanning and locating of utilities
- installing new signage and traffic signal post.

## When and where we'll be working

Work will be undertaken intermittently over four weeks between **Tuesday, 25 February and Friday, 21 March 2025. Our work hours are 9:00pm to 5:00am Monday to Friday.** Noisy activities will be completed by midnight (12:00am). There will not be more than three consecutive nights of work.

The investigation area is the intersection of Victoria Road and Edwin Street in both directions (eastern and western Drummoyne), and Victoria Road and Lyons Road in the citybound direction.

## What will this mean for you?

You may notice:

- workers and vehicles
- traffic controllers and signage
- noise from machinery and equipment.

## Managing our impacts

This work will involve the use of machinery and equipment which generates noise. We will make every effort to minimise noise by turning off machinery and vehicles when they are not in use and using noise blankets.

Thank you for your patience while we undertake this work.

## Left turn ban trial postponed

The six-month trial has been postponed from 28 January 2025. We anticipate the trial to begin in March 2025, subject to weather.

VMS signage will be installed seven days prior to the start of operation of the left turn ban trial. Motorists should pay close attention to signage over the coming weeks.
