

Upcoming weekend and night work

Bridge Road Cycleway, Glebe

September 2025

Transport for NSW acknowledges the Gadigal, Wangal and Bidjigal people of the Eora Nation as the Traditional Custodians of the lands on which we work and pays respect to Elders past and present.

Work to deliver a range of improvements to Bridge Road will be carried out from Saturday 27 September.

From **Saturday 27 to Tuesday 30 September**, we'll be carrying out milling and resheeting on Bridge Road between **Glebe Point Road** and **Ross Street**.

Weekend working hours are **8pm Saturday to 5am Monday**. We will not be working during the day on Monday 29. Monday night work hours are **8pm to 5am Tuesday**.

What this means for you

We'll be using a profiler, pavers, jack hammers and compaction equipment to complete our work and will implement a range of measures to minimise any noise, light and vibration generated by our machinery.

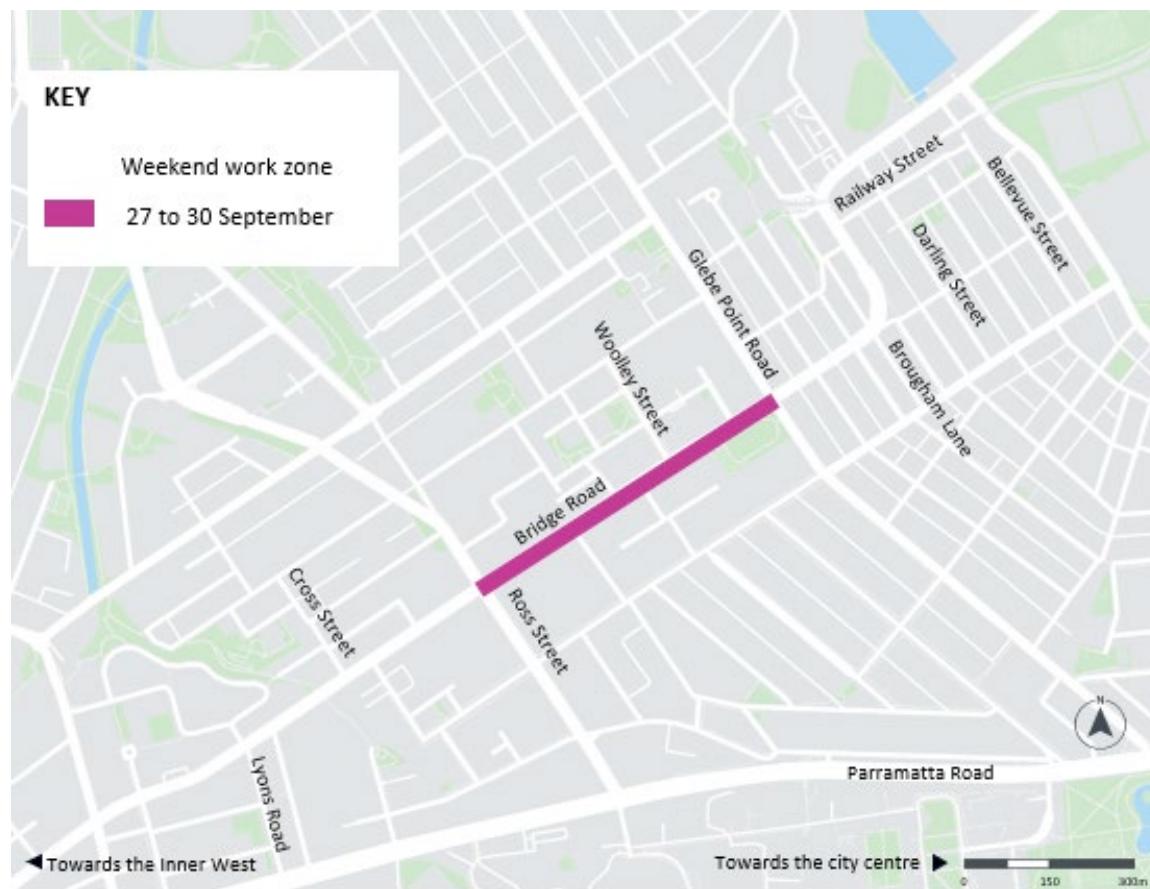

There will be temporary traffic changes in place.

The pedestrian crossing at Woolley Street will not be in use from Sunday 28 to Monday 29.

Please follow all instructions by traffic control. If you have any questions about this work, please contact us on **1300 959 936** (24-hours).
