

November 2020

Day and night work on Mamre Road between the M4 Motorway, St Clair and James Erskine Drive, Erskine Park from Monday 30 November

The NSW Government is planning Stage 1 of the upgrade of Mamre Road between the M4 Motorway, St Clair and Erskine Park Road, Erskine Park to reduce congestion and improve safety and travel times.

Our work

Transport for NSW is carrying out environmental investigations, geotechnical investigations, utility survey and topographical survey for Stage 1 of the Mamre Road upgrade. Work will be done between the M4 motorway at St Clair and James Erskine Drive, Erskine Park.

We will be using tipper trucks, truck mounted drilling rig, backhoe or small excavators, survey vehicles and a vacuum sucker truck to carry out this work.

Our work schedule

Work will take place between from Monday 30 November to Friday 29 January, weather permitting.

Work will be done between 7am and 5pm, on weekdays and between 8am to 1pm on Saturdays.

To complete the work safely and minimise the impact on road users, some work must be done at night. Night work will start from **Monday 30 November** between **9pm** and **5am**, **Sunday** to **Thursday**. Work will be done along the length of the corridor and we will not work for more than two nights in a row in the same area.

How will the work affect you?

Our work may be noisy at times but we will do everything we can to minimise its impact including carrying out nosier work before midnight and facing lighting away from residences.

Traffic changes

Please keep to the speed limits, follow the signs and traffic controllers' directions. For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.
