# Tips for travelling the Newell Highway safely this harvest season

Australian Government

With harvest season approaching, there will be increased traffic along the Newell Highway including harvest trucks and farm machinery.

## **Slow down, be patient and share the road this harvest season.**

The Newell Highway heavy duty pavement upgrades between Narrabri and Moree are in construction with work sites in Bellata and near Moree.

Bellata, in particular, is normally congested during harvest season, and the roadworks associated with the Newell Highway upgrades are expected to cause additional delays to motorists.

Transport for NSW is working with lead contractor Fulton Hogan to coordinate construction activities to limit impacts on producers, freight operators and motorists.

## Tips for travelling safely this harvest season

**Plan your trip via Live Traffic** Be aware of construction impacts and associated delays by planning ahead and checking Live Traffic and allowing sufficient travel time. Visit [www.livetraffic.com.au](http://www.livetraffic.com.au) to plan your trip

**Oversize OverMass (OSOM) vehicles** If your vehicle is over 3.8 metres wide, notify us ahead of your trip on **1800 741 636 (Option #3)** or email [NewellHighwayWideLoads@fultonhogan.com.au](mailto:NewellHighwayWideLoads@fultonhogan.com.au) ahead of your journey so that arrangements can be planned within the construction area to minimise delays.

Use pull over bays provided and follow direction of signage.

**Stop, revive, survive** Plan your rest stops and take regular breaks. Visit [nswroads.work/restareas](http://nswroads.work/restareas) to be aware of rest areas impacted by construction activities.

**Slow down and be patient** Be aware that there are larger vehicles around and share the road.  
Follow the direction of signage and traffic control.

For enquiries contact our project team via email [newell.upgrade@transport.nsw.gov.au](mailto:newell.upgrade@transport.nsw.gov.au) or phone **1800 741 636 (option #3)**.
