

Transport Access Program

Canley Vale Station Upgrade

Project update

May 2020

The NSW Government is improving accessibility at Canley Vale Station. The upgrade is being delivered as part of the Transport Access program, an initiative to provide a better experience for public transport customers by delivering accessible, modern, secure and integrated transport infrastructure.

Survey and site investigation

To help inform the concept design for the proposed Canley Vale Station Upgrade, survey and investigations work are required to take place **between 6am and 6pm on Saturday 23 and Sunday 24 May 2020.**

To ensure the safety of our customers and staff, this work will be completed during a scheduled Sydney Trains track work weekend, when no trains will be running.

Equipment to be used will include survey tools, concrete cutting equipment, construction vehicles, vacuum trucks and other testing equipment.

Measures will be implemented wherever possible to reduce noise associated with this work, including turning off vehicles when not in use, using non-tonal reversing beepers and stopping work for respite periods.

Please visit transportnsw.info or call **131 500** for up to date information regarding service updates and replacement buses during this time.

Keep in touch

If you would like to be added to the project distribution list, please contact us on **1800 684 490** or email projects@transport.nsw.gov.au

For all urgent enquiries or complaints regarding construction activities, please call our 24-hour Construction Response Line on 1800 775 465.

This document contains important information about public transport projects in your area. If you require the services of an interpreter, please contact the Translating and Interpreting Service on **131 450** and ask them to call Transport for NSW on **(02) 9200 0200**. The interpreter will then assist you with translation.
