

# Power Supply Upgrade

## Lewisham Substation

### COMMUNITY NOTIFICATION, June 2021

We are making improvements to electrical infrastructure to meet expected power requirements for Sydney's future rail network and new fleet of air-conditioned trains. As part of this, Transport for NSW is carrying out power supply upgrade work through our DC Feeder project.

#### Project overview

The DC Feeder project will improve power delivery to the railway and involves the replacement of electrical cables and overhead wiring infrastructure across a number of sites in the rail network, including at Lewisham.

#### Upcoming work – Monday 28 June to Friday 2 July

**Between 6.30am and 6.00pm from Monday 28 June to Friday 2 July** we will be working inside the rail corridor at Lewisham Substation to upgrade power supply cables.

Work will involve investigation of existing and installation of new cable routes. Workers will access the rail corridor through the gate on Alfred Street, Lewisham.

Equipment used during the work activity will include a vacuum truck, work vehicles, and various handheld power tools including drills and grinders. You may notice noise from the use of the vacuum truck that is required as part of the works.

Transport for NSW is committed to minimising noise impacts on the community and we switch off equipment when it is not being used and monitor our work activities to make sure noise levels are being managed effectively.

## Keeping the community informed

If you would like to speak with the project team about this work, please contact us. Call **1800 684 490**, email [projects@transport.nsw.gov.au](mailto:projects@transport.nsw.gov.au) or visit [transport.nsw.gov.au/projects](https://transport.nsw.gov.au/projects). For urgent enquiries or complaints regarding construction activities, please call 24 hours **1800 775 465**.

Thank you for your patience and understanding during these important upgrades to the rail network.

## Interpreter services

This document contains important information about public transport projects in your area. If you require the services of an interpreter, please contact the Translating and Interpreting Service on **131 450** and ask them to call Transport for NSW on **(02) 9200 0200**. The interpreter will assist you with the translation.
