

Power Supply Upgrade

AC Feeder Upgrade Project – Revesby and Bankstown

Community Notification

October 2021

Project overview

The AC Feeder Upgrade Project is part of the Power Supply Upgrade which is designed to meet expected power requirements for Sydney's future rail network and new fleet of air-conditioned trains. The work involves upgrades to substations, section huts, overhead wiring and feeders as well as the construction of new infrastructure across the network.

Upcoming work

The AC Feeder Upgrade Project team will be carrying out service investigation work at various locations along Albert Street, Revesby and Mons Street and Northam Avenue, Bankstown between **7am to 6pm Wednesday 13 October to Friday 12 November 2021, on weekdays only**. This work includes:

- Identifying suitable locations for replacement power poles
- Delivering plant and materials to each site in turn, and setting up safety barriers
- Using a vacuum truck to identify any utility services at the location
- Backfilling the trench and ensuring the location is safe for the public.

Equipment to be used for this work includes a vacuum truck, other light vehicles and handheld power tools. A spotter will be in place to manage pedestrian traffic as required.

The locations of work are shown on the maps on the next page. The locations will be:

- Albert Street, Revesby
- Mons Street, Bankstown
- Northam Avenue, Bankstown

Work to upgrade and replace poles for the safety of the community will commence late in 2021 and will be the subject of further notifications.

What you may notice

Transport for NSW is committed to minimising impact on the community. Access to properties will be always maintained throughout these works. We switch off equipment when it is not being used, place equipment as far away from properties as possible and monitor our work activities to make sure noise levels are being managed effectively. Higher noise generating work is only expected to occur for short periods.

We apologise in advance for any inconvenience this work may cause.

Keeping the community informed

If you would like to speak with the project team about this work, please contact us through the details provided below. Thank you for your patience and understanding during this work.
