

Transport Access Program

Banksia Station Upgrade

Project Update

January 2022

Transport for NSW is improving accessibility at Banksia Station. The upgrade will provide a station precinct that is accessible to people with a disability or limited mobility, parents/carers with prams and customers with luggage.

Despite the recent wet weather, the newly upgraded station is scheduled to be complete with lifts open for customers in January.

Upcoming work

Work will continue in January and includes:

- Finishing building works throughout the station areas
- Installation of new platform indicators on Platforms 2 / 3 and 4
- Installation of new bike hoops near the station entrances
- Installation of heritage doors and windows in the Platforms 2 / 3 station building
- Transformation of the Platform 4 waiting room into a Heritage Artefact Room
- Lifts opening
- Site clearing and demobilisation
- Defects rectification
- Installation of a public art mural and other heritage features.

Equipment to be used includes elevated working platforms, tipper trucks, delivery trucks, electric saw, powered hand tools, ground compaction equipment and concrete trucks.

These works are in line with the current Public Health Orders and a COVID-19 Safe plan is in place, including masks and QR codes.

Construction hours

Standard construction hours are **7am to 6pm Monday to Friday** and **8am to 1pm on Saturdays**.
