

# Station upgrade work under way at Cootamundra

The NSW Government is improving accessibility at Cootamundra Station. This upgrade is being delivered as part of the Transport Access Program, an initiative to provide a better experience for public transport customers by delivering modern, safe, and accessible infrastructure.

Work is well under way at Cootamundra station. Since announcing the start of construction in November last year, we have been working on the bathrooms and bus zone.

## Work in progress

We're currently in the process of:

- upgrading the bathrooms by sheeting, waterproofing, tiling and painting the floors and walls
- regrading and paving the bus zone area.

## Upcoming work

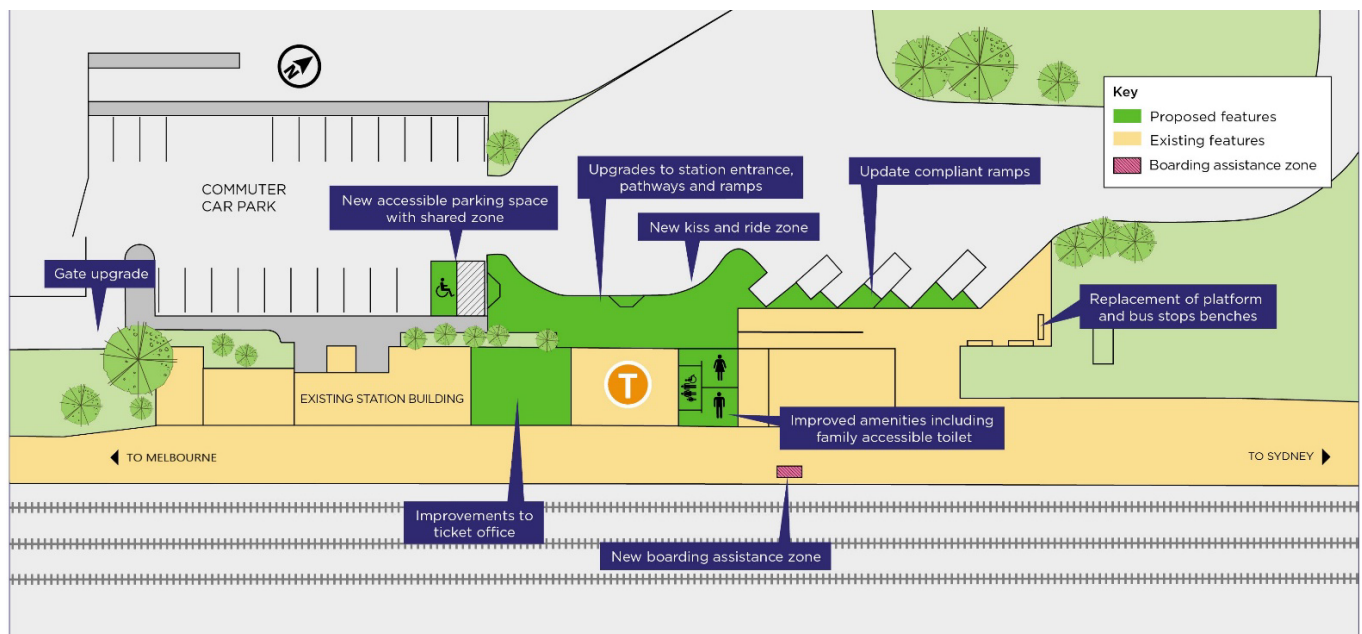

In April and May, work will include:

- regrading the station forecourts and entrance making them level, accessible surfaces
- upgrading the waiting area with new seats and flooring
- improving the ticket office.

## Working hours and finish date

We will continue to work from 7am to 6pm Monday to Friday.

In November 2021, we expected to finish work by April 2022. Due to supply chain delays caused by Covid-19, associated restrictions and heavy rain events, we now anticipate the upgrade will be complete by June 2022. We will keep you informed as work progresses.
