

COMMUNITY NOTIFICATION

September 2022

Transport for NSW (TfNSW) is rolling out new technology to upgrade Sydney's rail network and introducing modern signalling as part of the Digital Systems Program.

The Program will replace current signalling and train control technology with modern, internationally proven, intelligent systems. It will help improve reliability and increase capacity on Sydney's railways once implemented widely across the network.

Upcoming works

Various work will continue in September along the Sutherland to Cronulla rail corridor during standard hours – **Monday to Friday 7am to 6pm** and **Saturday 8am to 1pm**.

Midweek night work – Monday 26 September to Friday 30 September 2022

From **10pm to 4am Monday 26 September to Friday 30 September**, works are planned during a scheduled Sydney Trains midweek trackwork possession.

Work within the rail corridor will include the removal and reinstallation of on-track equipment for track maintenance, defect rectification works and the installation of trackside signage.

The work in your area will not be continuous. Every effort will be made to keep noisy works to a minimum and to reduce impacts to the community wherever possible.

What equipment will be used?

Equipment will include excavators, hand tools and construction vehicles.

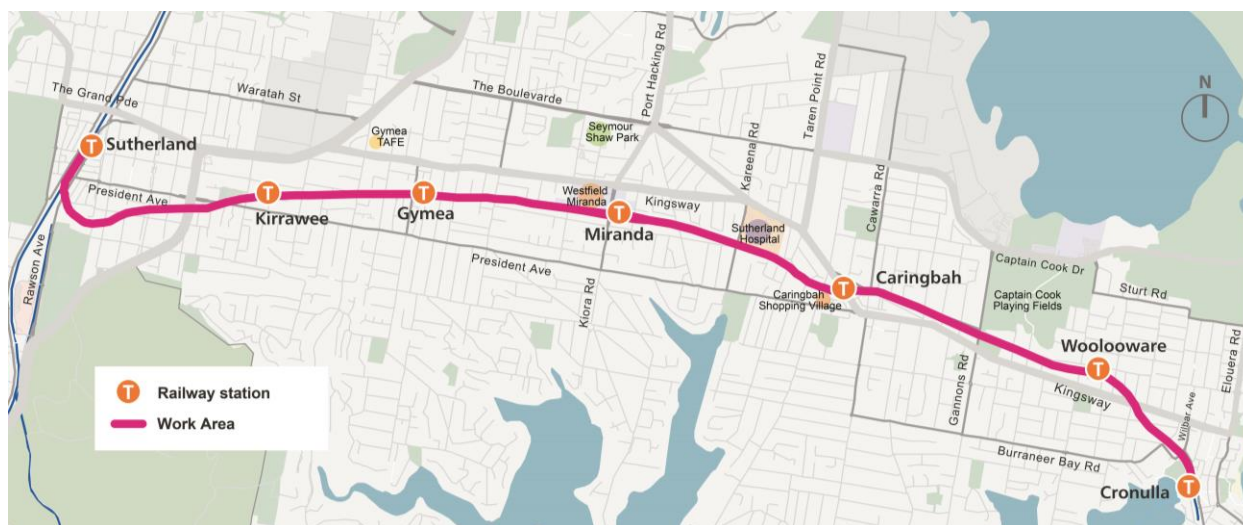

Please note that Sydney Trains is also undertaking midweek night track maintenance including track resurfacing within the rail corridor during this time and have notified the community separately.

What you may notice

TfNSW is committed to minimising noise impacts on the community. The use of trucks to deliver machinery, equipment and materials may also occur outside of standard work hours to ensure the safety of the community and our workers.

We switch off equipment when it is not being used, place equipment as far away from properties as possible and monitor our work activities to make sure noise levels are being managed effectively.

Map of the work area

Keeping the community informed

If you would like to speak with the project team about this work, please contact us. Call **1800 684 490**, email projects@transport.nsw.gov.au or visit transport.nsw.gov.au/dsp. For urgent enquiries or complaints regarding construction activities, please call 24 hours **1800 775 465**.

Thank you for your patience and understanding during these important upgrades to the rail network in your area.
