

# Denistone Station Upgrade

## Track and out-of-hours work reminder

July 2023

Transport for NSW acknowledges the Wallumattegal people of the Dharug Nation as the Traditional Custodians of the lands on which we work and pay respects to Elders past and present.

The Transport Access Program will deliver a better experience for Denistone Station customers, with an upgraded station accessible to all.

### Track and out-of-hours work

We will be undertaking out-of-hours work during scheduled Sydney Train trackwork between:

- 8pm Monday 31 July until 6am Tuesday 1 August
- 2am Saturday 5 August until 2am Monday 7 August 2023.

### What will this mean for you?

You may notice:

- workers and vehicles
- traffic controllers and signage
- road closures and reduced speed limits
- footpath closures
- pedestrian and cyclist detours with traffic controllers on site to guide you
- temporary closure of the public carpark at Gordon Crescent and Kinson Crescent from **Friday 4 August until Thursday 10 August 2023** for equipment and material storage.
- noise from machinery and equipment.

Pedestrian detours and temporarily affected on-street

## How will the track and out-of-hours work impact me?

During this period:

- a train replacement bus service will be available from East Parade and Gordon Crescent
- parts of East Parade, West Parade and Ryedale Road will be closed to vehicles, with detours in place to allow works on the station building and entry
- pedestrian thoroughfare will be maintained however please note, you may be asked to wait for short periods of time until it is safe for you to pass the works
- pedestrian detours will be in place and some on-street parking will be affected at Ryedale Road, West Parade and East Parade. On-street parking will be restored from **5pm Thursday 10 August 2023** as the equipment is removed from each site.

Thank you for your continued patience and for using caution around the areas of work.

We understand that our work may be noisy at times. We will do everything to lessen the disturbance, including turning off vehicles and equipment when not in use, using non-tonal reversing beepers and scheduled noisy works during the day where possible. Please follow signage and the direction of traffic controllers.
